Zeke, a young alien boy, is starting his first day at a new school on Earth. As an extraterrestrial, he struggles to adjust to life on this unfamiliar planet. Meanwhile, his scientist parents have him moving from place to place due to their research assignments. Harris, a classmate and science fiction enthusiast, becomes suspicious that Zeke might not be entirely human. Despite the skepticism of his best friend Roxy, who thinks Harris is simply jealous, he's determined to uncover the truth about Zeke's true nature.
