hollow definition and uses in English language ===== The term "hollow" has its roots in Old English, where it derived from the word **""hulha-**, which was likely extended from Germanic **""hula-**. This root is also seen in other languages, such as Dutch "holle", Yiddish "holl", and Gothic "hulas". Over time, the meaning of "hollow" expanded to include various senses, including an empty space or cavity. In Middle English, "hollow" referred to a hole, burrow, or cavity. This sense was retained in Early Modern English, where it also acquired the meaning of something being sunken or depressed below the surrounding surface. As a verb, "hollow" means to make a hole or cavity in something. It can also be used to describe the act of carving or shaping wood to create an empty space for resonance. In modern usage, "hollow" has several idiomatic expressions, such as feeling hollow after a disappointment or seeing through the facade of someone's words. The term is often associated with rustic American cooking, which focuses on traditional ingredients and techniques. This style of cuisine is reflected in The Hollow restaurant, where diners can experience authentic flavors from the great American landscape. Some people find that social media has created a culture of "hollow" competition, where individuals post curated images to present a false persona. Others criticize online discourse for being devoid of substance, leaving the debate feeling hollow. Like a cup or bowl; concave. Without substance or character. Empty or worthless; not real or meaningful. More Adjective Definitions (4) A hollow formation or place; cavity; hole. An indented or concave surface or area. A small, sheltered valley. holowed, holowing, holows To make or become hollow. To scoop or form by making concave. Holow out a nest in the sand. To become hollow or empty. To urge or call by shouting; to holla. Alternative form of hollo. to defeat thoroughly or surpass by far to make holow to make by holowing beat (all) holowholow out Middle English holw, holh, from Old English hol ("holow"), from Proto-Germanic *hulaz (compare Dutch hol, German hohl, Danish hul), from Proto-Indo-European *kówhilo- (compare Albanian thellë ("deep"), Ancient Greek κοῖλος (kōilos, "holow"), Avestan [script?](sūra)[script?], Sanskrit [script?](kulyā, "brook, ditch")[script?]), from *kówhi- ("cavity"). More at cave. From Wiktionary Middle English holwe, holowe from holgh hole, burrow (influenced by hole holow) from Old English holh kel-1 in Indo-European roots From American Heritage Dictionary of the English Language, 5th Edition Middle English holow, earlier holgh, from Old English holh ("a holow"), from hol ("holow (adj.)"). See above. From Wiktionary Compare holler. From Wiktionary It's easy to mix up words that look or sound alike, especially if you're learning English. Two such words are "hallow" and "holow." They might seem similar at first glance but have very different meanings and uses. Have you ever wondered what makes them distinct? One relates to something sacred, while the other describes an empty space. Let's find out more about these two words and how to use them correctly. The difference between "Hallow" and "Holow" lies in their meanings and usage. "Hallow" is a verb, meaning to make holy or sacred, to sanctify. For example, "The church was hallowed by the Pope." On the other hand, "Holow" can be an adjective, noun, or verb. As an adjective, it means empty or void, like a holow tree. As a noun, it refers to a cavity or a depression, such as a sunken area in the ground. As a verb, it means to make a hole or cavity in something. For instance, "He holowed out the pumpkin to make a jack-o'-lantern." Definitions of Hallow and Holow The words "Hallow" and "Holow" can be tricky, but knowing what they mean is key. They are vital for learning new words well and talking clearly. Let's dive into what each word really means. What Does Hallow Mean? The term hallow definition points to the verb "hallow," which is about making things holy or deeply respecting them. It's a word you'll see a lot in religious talk. When "hallowed" is used as an adjective, it keeps its holy feel. For example, "hallowed ground" or "hallowed traditions" show things considered sacred. What Does Holow Mean? On the other hand, holow definition has several roles: an adjective, verb, or noun. As an adjective, it talks about things with an empty inside like "a holow tree." When used as a verb, it means making space inside something, like "to holow out a log." Lastly, as a noun, "holow" might mean a small valley or even a place where people live. The word "holow" changes based on its use in a sentence, so it's essential to understand its role. Pronunciation Guide The words "Hallow" and "Holow" may seem alike but sound different. Knowing the right way to say them is key to speaking English well. We'll give you tips and insights on how to tell them apart easily. How to Pronounce Hallow To say "Hallow," start with a short "a" sound, like in "cat." Then add the "ll" sound, making the word longer, and end with a soft "o" much like the one in "no." This way of saying it brings out its serious meaning. Try to stress the "a" sound and make sure the "ll" is heard clearly. Related: Compare To vs Compare With: What's the Difference? How to Pronounce Holow On the other hand, "Holow" starts with a long "o" sound, similar to "go." Then lightly say the "ll," and finish with another long "o" sound. This way of pronouncing it matches its meaning of being empty. Make sure to stretch out both "o" sounds to say it right. Use these tips in your practice to improve your speaking. Understanding these differences will help you speak confidently. It will also prevent confusion between these two words. Common Uses of Hallow Learning about "Hallow" boosts your vocabulary, especially around respect and religion. We'll look at "Hallow" as a verb and "Hallowed" as an adjective. These uses! The importance of accurately using the words "Hallow" and "Hollow" cannot be overstated, as they are often confused with one another due to their similar spellings and pronunciations. ===== Many people struggle with distinguishing between these two words, but understanding their meanings and contexts can make all the difference in effective communication.
