

TORNADO ZERORIM™

The stronger quieter flushing toilet

THE STRONGER, QUIETER FLUSH FOR A CLEANER AND BETTER TOILET

Combining our powerful Tornado Flush™ with a clean rimless design, the Tornado Zero Rim™ is the latest toilet innovation from Propel Industries.

Concealed Water Outlet

4 Star Water Rating

Non-Marking Design

For a cleaner look choose a Tornado Zero Rim™

The Tornado Zero Rim™ is a completely rimless design with a concealed water outlet to allow for better aesthetics whilst maintaining a full 360 degree Tornado Flush™ that vigorously cleans the bowl without all the noise.

Including a specially designed drop zone to combat unwanted marking this toilet is undoubtedly the cleaner and better choice for your new bathroom install.

The S-trap offset is designed to work up to 225mm extension allowing for a larger range of install applications.

High performance is united with timeless style with a wafer thin tank design for a softer look, minimalist designed soft close lid and clean, modern lines in the pan shape.

Totally concealed water outlet

Hidden from view and delivering a powerful Tornado Flush™

Experience the difference
A CLEANER CHOICE

Regular box rim designs feature a ledge overhang, which can create hard to reach areas that trap dirt and germs

The latest evolution in rimless toilet design means keeping your bathroom cleaner is even easier. The rimless flush of a Tornado Zero Rim™ not only reduces hidden surfaces that can trap germs but also reduces unhygienic splashing.
