Classic meets contemporary

Stylish Surfaces

The fluted texture featured in this range is a designer's choice that adds a timeless elegance and tactile interest to any bathroom space.

Its sculptural quality not only enhances the visual appeal but also creates a sophisticated texture that plays with light and shadow, adding depth and character to the design. Perfect for those seeking to elevate their bathroom aesthetics with a touch of subtle luxury for both classic and contemporary interiors.

Vanities

Elevate your bathroom

Discover the perfect blend of classic elegance and contemporary design with our stylish vanities featuring a distinctive fluted texture.

The oblong shape and rounded corners exude modern sophistication, while the customizable colour choices allow you to personalize your space with a variety of handle colors.

Zero Rim Flush

The latest evolution in rimless toilet design means keeping your bathroom cleaner is even easier. The rimless flush of a Scanalato Zero Rim™ not only reduces hidden surfaces that can trap germs but also reduces unhygienic splashing.

Regular box rim designs feature a ledge overhang, which can create hard to reach areas that trap dirt and germs.
