

At the Capital. At the Center.

Counseling & well-being in every school.

2027 Annual IC3 Conference & Expo

Strategic Partnership Opportunities

01 & 02 September, New Delhi, India

A Shared Mission

The 2027 Annual IC3 Conference & Expo brings together the people who guide students toward their futures — high school principals and heads of school, the career and college counselors who shape thousands of student journeys each year, and admissions leaders from universities across the world.

These are the educators turning counseling & well-being in every school from an idea into everyday practice. To partner here is to stand alongside them — to support the guidance that helps every child find their path.

Why Delhi, Why 2027

Delhi is where the country's densest concentration of schools and universities meets the world. Partner here and your brand sits at the center of the conversation, not the edge of it.

- Home to leading universities, policy institutions, and international organizations
- A strategic hub connecting schools, universities, and industry across India
- Direct access to the policymakers, university leaders, and thought leaders shaping the sector

India has the world's second-largest higher education system, serving 45 million students across more than 54,000 higher education institutions, including universities, colleges, and standalone institutes. The system has added over 9 million students in the past seven years, reflecting significant growth in access and participation.

A Decade In. The Next One Starts Here.

What began in 2016 as a single idea — counseling & well-being in every school — now spans 8,000+ institutions and has reached over 4 million students. The 2027 year, in the capital, is the inflection point.

It's the room you want to be in before everyone else is.
