## **1. SKILLS FOR SUCCESS FOR CAREERS IN SKILLED TRADES AND TECHNOLOGY**

The Government of Canada has updated the previous Essential Skills framework to the new Skills for Success model in response to the evolving labour market and changing skill requirements. This model outlines nine fundamental skills Canadians need to thrive in work, education, training, and daily life.

Skills/Compétences Canada aims to highlight the importance of these skills, vital for success in trade and technology careers. Competitors can see how Skills for Success are integrated into contest descriptions, projects, and project documents. Recognizing these skills during the competition helps competitors match tasks with specific skills necessary for success and understand how these skills apply within their trade or technology programs and future careers.

The nine key Skills for Success, validated for workplace success, are:

1. Numeracy
2. Communication
3. Collaboration
4. Adaptability
5. Reading
6. Writing
7. Problem Solving
8. Creativity and Innovation
9. Digital

## **2. CONTEST INTRODUCTION**

### **2.1. Description of the associated work role(s) or occupation(s):**

[https://www.skillscompetencescanada.com/en/skill\\_area/aesthetics/](https://www.skillscompetencescanada.com/en/skill_area/aesthetics/)

### **2.2. Purpose of the Challenge**

This competition aims to showcase and elevate the skills, creativity, and professionalism of aestheticians. It provides a platform for participants to demonstrate their expertise in manicures, fostering a spirit of excellence and innovation within the industry. Through rigorous assessment by industry experts, these competitions not only celebrate outstanding talent but also set high standards, inspire continued education, and highlight emerging trends. Ultimately, they contribute to the advancement and recognition of the beauty therapy profession while demonstrating professionalism and complying with occupational health and safety.

### **2.3. Duration of Contest**

Competition duration will not exceed 6 hours. Competitors will begin at 9:00AM and have until 4:00PM to complete all of their tasks, including tidying their work

station. Competitors will be given an hour break for lunch provided by Skills Canada Yukon.

#### **2.4. Skills and Knowledge to be Tested**

- Professional presentation
- Technical skills
- Organizational skills
- Communication
- Product knowledge and control
- Sanitation
- Compliance with health and safety
- Creativity, complexity, and originality

#### **2.5. Project Description**

##### **Nail Tips Design - Galaxy & Mystery Themes**

Competitors will begin by designing 10 nail tips on a nail tip holder. In this creative and technical nail competition, participants will showcase their skills through a two-part challenge combining nail tip design and live model application, using only the tools and products provided by Sponsor TBA.

Competitors will begin by designing 10 nail tips with a Galaxy theme. After completing the nail tips, competitors will perform a dry manicure on a live model, demonstrating proper technique in clipping, filing, buffing, and cuticle work. They will then apply all 10 pre-designed tips, ensuring a balanced, cohesive presentation.

Specific times are allocated for check points after each task within the manicure. Judging occurs throughout each task. Judges must check the models prior to the start of any treatment.

##### **Classic Facial - Please see project document**

Competitors demonstrate their technical skill, professionalism, and client care through the delivery of a complete classic facial treatment on a live model within a two-hour timeframe.

Participants are evaluated on their ability to perform a thorough client consultation, accurately analyze skin conditions, and develop an appropriate treatment plan. Competitors must select and apply products hygienically while adhering to all health and safety standards.

The facial service includes a full sequence of steps: pre-cleansing, deep cleansing, exfoliation, facial massage, mask application, and finishing products. Throughout the treatment, competitors are assessed on their technique, flow,

pressure, and use of professional massage movements, as well as their ability to ensure client comfort and relaxation.

In addition to technical execution, judges evaluate communication skills, including how well competitors explain procedures, share findings, and provide post-treatment recommendations such as home care and follow-up services.

### **3. EQUIPMENT, MATERIAL, CLOTHING**

#### **3.1. Equipment and material provided by Skills Canada Yukon:**

- Manicure product & supplies (sponsor to be determined)
- LED/UV Lamps

### 5.1. Point Breakdown Example

TASK	/100
Preparation of nail tips	/25
Nail art design	/25
Dry Manicure on client	/25
Application of custom tips	/25

## **5.2. Qualifying for the Skills Canada National Competition**

Competitors can secure a win in their specific competitions by demonstrating exceptional skills and abilities, and meeting or exceeding established evaluation criteria. However, qualification for the Skills Canada National Competition is not solely determined by winning at the territorial level.

The decision to advance further depends on additional factors, such as the National Technical Committee's (NTC) assessment and/or the judges' discretion, which may take into account specific criteria beyond just event performance. These additional criteria could encompass a competitor's adherence to safety protocols, ethical conduct, teamwork, or overall professionalism, ensuring that those who represent the Territory at the national level not only excel in their technical skills but also embody the values and standards upheld by Skills Canada.

**\*Please note:** Not all territorial contest areas are eligible for the Skills Canada National Competition. Please refer to the SCNC website to determine if your skill area/level is eligible to compete.

## **6. ADDITIONAL INFORMATION**

### **6.1. Competition Rules**

Refer to the competition rules of the Skills Canada Yukon Territorial Competition which can be found on our website.

### **6.2. Ties**

Tiebreaker #1: In the event of a tie, the candidate with the highest safety score will be declared the winner.

Tiebreaker #2: If a tie still remains, the competitor with the highest score in the Classic Facial will be declared the winner.

### **6.3. Accessibility & Accommodations**

Skills Canada Yukon is committed to providing a barrier-free environment which allows everyone to participate in our programs and competitions. We strive to be fully inclusive to all manner of disabilities and identities. SCY provides the opportunity for any competitor to disclose a disability on our competition registration form. Requests for accommodations must be made at least 3 weeks prior to the competition date.

## **7. NATIONAL & TERRITORIAL TECHNICAL COMMITTEES**
