Name of the Instrument:

The Stories of your life live on!

Special Story of the Instrument:

Silver rings surrounded by Platinum and Gold dots. The ring symbolizes the life of a human. In the upcoming decades the silver will become black through slowly ongoing oxidation. Someday it will be faded away into the black Ebony – gone - how our life will end one day. The Platinum and Gold dots - free of oxidation - symbolize one's stories. These stories will stay forever (if they are good).
