Name of the Instrument:

The Dogtown Flex

Special Story of the Instrument:

The name makes absolutely no sense? I dreamt it - right before waking up. I was in Dogtown, somewhere between surfboards and empty swimming pools, and someone told me this color combination, on an R8-Bass, was the ultimate flex. That was it. No logic, no backstory. Just a vivid image and a feeling. So I'm trusting the universe on this one and offering myself as its materializing medium.
Deep down - somewhere in the collective unconscious - this name probably holds world-altering meaning. ;-)
