

Premium Dream Kentucky Bluegrass

Overview

Carefully selected mix of four top Kentucky Bluegrass varieties: chosen for our Southern-Alberta climate. Made up of dwarf varieties, fine bladed with dark green colour. Adaptable to a low cutting height, wear-ability, quick spring green-up, hardiness and disease. Varieties selected for drought tolerance and lower watering requirements.

Benefits

- Adaptable from 3" to 1/2" cutting height
- Lower water requirements
- Drought tolerance
- Dark green colour
- Dwarf height
- Dense growth habit
- Available in fairway cut
