

MT CONFERENCE

NOVEMBER 17-19, 2026

Why it's worth sending
your worship team

EVENT OVERVIEW

Three days built specifically for worship leaders and their teams, combining spiritual formation with practical, hands-on training in worship tech and craft, designed to send your team home refreshed and better equipped for the work they do every week. The 2026 MT Conference takes place November 17-19 at City Reach Church, Austin, TX.

WHAT YOUR TEAM GAINS

Renewed purpose

Sessions are structured to move from *calling to craft*, helping leaders reconnect with why they do this work, not just how.

Practical, usable skills

Hands-on breakouts and masterclasses on the tools and techniques teams use every Sunday, not just theory.

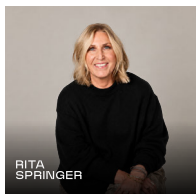

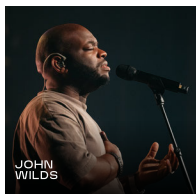

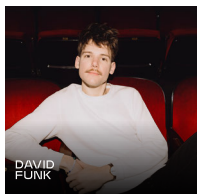

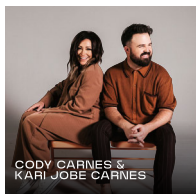

Direct access to respected voices

Main sessions and keynotes from experienced worship leaders and artists, plus space to ask questions firsthand.

Resources to take home

Every attendee leaves with real MultiTracks.com resources, worth value beyond the ticket, training, and vision you bring back to your team.
