

Brussels, 19/01/2026

This Letter of Intent reflects the shared understanding of Business & Science Poland (BSP) and the Czech Business Representation to the EU (CEBRE) in regarding their intention to develop a strategic cooperation.

Business & Science Poland is an employers' organisation uniting major Polish companies, established to support and promote the economic interests of Polish business at the European Union level. CEBRE represents Confederation of Employers' and Entrepreneurs' Associations of the Czech Republic, Confederation of Industry of the Czech Republic and Czech Chamber of Commerce. The Ministry of Industry and Trade of the Czech Republic together with its trade promotion agency CzechTrade provided support to this joint effort. Both organisations operate in Brussels with an overarching goal of supporting the effective representation of business interests within EU policy and regulatory processes.

The Parties recognise the potential benefits of closer cooperation and express their mutual interest in exploring opportunities for collaboration based on shared priorities and complementary activities.

The cooperation between the Parties may involve:

- cooperation on the development of policy papers focusing on the CEE region;
- cooperation on the organisation and support of events focusing on topics relevant to both Parties;
- joint advocacy activities aimed at EU policymakers to advance agendas relevant to both Parties;
- support in outreach to policymakers, associations, companies, and other stakeholders in both Poland and the Czech Republic.

This Letter of Intent is non-binding and does not create any legal or financial obligations for either Party. It is intended to serve as a framework for further discussions and for the identification and development of concrete areas of cooperation, which may be specified in this document or in separate arrangements at a later stage.

The Parties express their willingness to continue dialogue in good faith and to work towards establishing a constructive and mutually beneficial partnership.

For Business & Science Poland

Witold Strzelecki
Managing Director

For Czech Business Representation to the EU in Brussels

Vendulka Hýblová
Directress
