BEST OF LUCK AND ENJOY YOUR RETIREMENT

At the end of November we wished our work colleague and friend, Martin all the very best and a happy retirement after 7 years. During a leaving presentation, Director Pete Hunt thanked Martin and said 'I feel lucky to have been able to learn from the master of the groundcare industry for the last 7 years'

Martin brought a wealth of experience when he joined Hunts in September 2017, learning his trade at Western Farm Implements where he started his working life as a Service Engineer.

He moved on to Sales Management and later to become their Garden Machinery Manager. He went on to work for EP Barrus where he remained for 26 years before joining Hunts where his knowledge and expertise have made him a valuable member of the team.

"I have enjoyed working with Pete and the team over the last 7 years and wish everyone at Hunts all the very best for the future"

SERVICING AND REPAIRS

We offer agricultural and garden machinery repairs and servicing for all equipment, large or small. Whether you need your push lawn mower repaired, or your combine serviced, and anything in between, we have the specialist skills to offer prompt, efficient servicing or repairs to meet all your requirements.

We run a large workshop, fully equipped with specialist equipment to ensure accurate diagnostics and speedy repair times, run by qualified technicians and trainee apprentices. Our technicians are trained to a very high level and their experience spans 150+ years within the agricultural, garden care and garden machinery industry. We can also offer prompt on site servicing.

HIRE

We offer a range of hire machinery on short or long term hire.

ARE YOU SHARPENING YOUR OWN MOWER BLADES? YOU MAY BE CAUSING MORE HARM THAN GOOD.....

Blade balancing is very important when sharpening your mower blades. It will reduce vibration whilst your mower is running and minimise the stress, wear and tear on your mower blade shaft, spindle and engine.

More importantly it will reduce the hand arm vibrations you feel when operating your mower.

GET YOUR MOWER SERVICED AND BLADES PROPERLY SHARPENED BY HUNTS. SPEAK TO OUR WORKSHOP TODAY TO BOOK YOUR MACHINE IN.
