2026 BUDGET MESSAGE

To the citizens of Ascension Parish and the Ascension Parish Council:

In accordance with Article V11, Section 7.01 of the Charter of Ascension Parish, Louisiana, enclosed is the Year 2026 Operating Budget for the Ascension Parish Government. The Year 2026 Budget has been prepared to maintain all individual funds with a positive fund balance through December 31, 2026. The purpose of this Budget Message is to present fiscal recommendations and to identify objectives for the coming year as well as the underlying assumptions made in the projection of the revenues and related expenditures of the operations of Parish Government.

Economic Factors

The parish economic outlook for the coming year played a significant role in developing the 2026 Operating Budget. The condition of the national, state, and local economy was considered by the Parish's elected and appointed officials when setting the 2026 Budget. Many companies engaged in the petro chemical industry are located in the industrial corridor along the Mississippi River. These industries are the major employers of the Parish's work force. Other important industries include government, construction, banking and financial services, insurance, telecommunications, real estate and wholesale and retail trade.

Ascension Economic Development Corporation (AEDC) reported 2025 has been a strong year for site location requests and expansion opportunities as well as an extraordinary year for new project announcements. Hyundai Steel (\$5.8 billion) and CF Industries (\$4 billion) announced their projects in 2025 and are the first to begin construction in the 17,000-acre RiverPlex Mega Park on the Westbank of Ascension Parish.

The AEDC staff are currently working with 34 possible projects representing \$21.4 +/- billion in new potential capital investment and the possibility of 1,691 +/- new jobs. The projects with the highest potential represent 10 of the total projects with \$2.2 +/- billion in potential capital investment and 72 +/- new jobs.

AEDC continues to work with Louisiana Economic Development (LED) to certify additional industrial sites. The LED Certified Sites program qualifies sites based on zoning restrictions, title work, environmental studies, soil analysis and surveys. These sites are 180-day development ready and have substantial due diligence studies performed to receive certification. Ascension Parish currently has eight development-ready certified sites throughout the Parish. In addition to the certified sites, AEDC continues to market the 17,000-acre Riverplex MegaPark (RPMP) in the Modeste/McCall area on the west bank of the Mississippi River for development. Most recently AEDC has assisted in the creation of an economic development district for the RPMP to fund future public infrastructure within the park.

Since 2006, AEDC has directly impacted the creation of \$27.3 billion in capital investment, creating over 5,513 direct new jobs and \$413 million in annual wages.

Budget Development

The Parish President with assistance from the Chief Financial Officer prepares the budget with input from all department heads. Once prepared, the President presents the budget to the Parish Council, who adopts the budget with any changes in a time frame outlined in the Parish's Home Rule Charter. Once adopted, the President and the Chief Financial Officer are responsible for the execution and supervision of the budget. The Chief Financial Officer and the finance staff meet quarterly with all department heads to review compliance with the budget and address any revenue or expenditure traits that may exceed budget forecasts. Using one time revenue for on-going expenditures is always discouraged.

The 2026 Operating Budget expenditures provides for increases in the employee health insurance, and an allowance for personnel costs. Refer to *Page 17 and Pages 44-58* for the Parish Organizational Chart and personnel summary by department.

The budget is presented on a “line item” basis. Each item of revenue and expenditure is identified for your review. The summary of Year 2026 revenues, inclusive of fund balances necessary to balance operations, will be \$328,838,200 equaling anticipated expenditures of \$328,838,200. Transfers between funds are projected to be \$104,836,500.

The Operating Budget is based on conservative estimates while the Capital Budget is an aggressive budget with funding primarily provided by grants and bond revenue received in prior years.

The budget is a responsible approach to address the needs of the Parish through the stability of providing vital governmental services with an aggressive plan to address the growing infrastructure and capital improvement needs for our expanding community.

Parish Credit Rating

Standard & Poor's maintained the Parish's credit rating at AA+. Ascension Parish is part of an elite group of governments in the United States in terms of financial stability. The greatest benefit of such a rating is that our taxpaying citizens will save money on financing infrastructure projects and maintaining assets. One of the key factors that contributed to such a high bond rating is our commitment to build and maintain a strong financial reserve.

Debt of the Parish

The outstanding debt of the Parish as of December 31, 2025, is \$77,989,762. The Parish is well below the debt limit established by State Statutes.

The legal debt margin for general obligation bonds is as follows:

Ad Valorem Taxes – assessed valuation, 2024 Tax Roll	\$3,450,996,390
--	-----------------

Debt limit: 10% of assessed valuation (for any one purpose)	\$ 345,099,639
Debt limit: 35% of assessed valuation (aggregate, all purposes)	\$1,207,848,737

Sales & Use Taxes – the maturities of bonds shall be so arranged that the total amount of principal and interest falling due in any year, together with principal and interest falling due in such year on all bonds theretofore issued hereunder, and then outstanding, shall never exceed seventy-five percent of the amount of sales tax revenues estimated by the governing authority to be received by it in the calendar year in which the bonds are issued.

Awards

Ascension Parish Government has been awarded the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for the past fifteen years. This award is presented to governments in the United States and Canada that go beyond generally accepted accounting principles that evidence the spirit of transparency and full disclosures of governmental operations.

Ascension Parish Government has also been awarded the Distinguished Budget Presentation Award for the past thirteen years by GFOA and reflects the commitment of Parish Government to meet the highest principles of governmental budgeting.

Ascension Parish Government has recently been awarded the Popular Annual Financial Reporting Award by GFOA. This award was established in 1991 to encourage local governments to extract information from their annual comprehensive financial report to produce a report that is readily accessible and easily understandable to the public and other interested parties.

These three awards from GFOA, Certificate for Achievement for Excellence in Financial Reporting, Distinguished Budget Presentation Award, and the Popular Annual Financial Reporting Award has earned Ascension Parish Government the “Triple Crown Award.”

Acknowledgments

This year’s budget development process has been a team effort. department heads, the Parish Council, and Parish agencies deserve recognition for demonstrating collaboration and creativity in developing this budget, which will be used as our work plan in 2026.

This budget provides critical services needed throughout the Parish. The demand for the related costs of providing services continues to increase. It is essential that we continue the realization of productivity gains by the effective utilization of available resources. In short, the real challenge presented to the Parish Government is that we make the critical decisions at the appropriate time which will result in

realized efficiency, and in turn, provide the highest level of services available to the citizens of Ascension Parish.

The 2026 Budget can be located on the Parish website at www.ascensionparish.net, under the Finance Department and is available for public review at 615 East Worthey, Gonzales, LA. In addition, Parish budget and historical financial information can be found on our Open Finance transparency website at www.ascensionparish.net/openfinance. We encourage citizens and interested parties to take advantage of this opportunity to learn more about Ascension Parish and its finances.

ORDINANCE FOR AMENDING 2025 BUDGET AND
APPROPRIATING YEAR 2026 BUDGET

WHEREAS, a revision of certain budgets for the 2025 budget year for certain funds has been prepared and submitted to the Council in Exhibit A.

WHEREAS, a proposed Operating Budget for Year 2026 includes revenues of \$183,979,500, plus required fund balance of \$4,597,200 for a total equal to \$188,576,700 and expenditures of \$165,915,200.

The Capital Budget includes revenues of \$77,249,000 plus required fund balance of \$63,012,500 for a total equal to \$140,261,500 and expenditures of \$162,923,000.

Therefore, total Operating and Capital Budget revenues plus required fund balance equal \$328,838,200 and expenditures equal \$328,838,200. Interfund transfers are \$104,836,500.

WHEREAS, the Ascension Parish Council has reviewed and considered such proposed budget and made revisions of same, and

WHEREAS, said proposed budget was duly set, after proper notice to the public, for public hearing which was held on November 20, 2025 as required by the revised statutes of the State of Louisiana and the Ascension Parish Home Rule Charter, therefore,

BE IT ORDAINED by the Ascension Parish Council of the State of Louisiana:

Section 1 - 2025 Amended Budget

That the amended budgets as prepared for 2025 are approved and appropriated by Ascension Parish Council with the stipulation that,

- A. Transfer from the Sales & Use Tax District No. 1 Fund to the General Fund, the Road & Bridge Fund, and the Criminal Court Fund, in the amount necessary to maintain a balanced fund, but will not exceed the amount authorized in the Budget. The Recreation Fund is allocated 10% of the net 1% Sales & Use Tax District No. 1 revenues as an additional source of funding. Funding is also provided by an allocation to Sales & Use Tax #1 Bond Sinking Fund, and FINS (Families in Need of Services). To the extent that the resulting revenues of the Sales & Use Tax District No. 1 Fund exceed expenditures and transfers, and after an adequate Fund Balance equal to six months of expenditures is maintained, then such excess will be transferred 25% to the Mega Infrastructure Projects Construction Fund, 25% to the Recreation Fund, and 50% to the Move Ascension Fund.

- B. The one-third net of the Sales and Use Tax District #2 revenues collected for fire protection shall be shared by Ascension Parish Fire Protection District No. 1 at 65%, by Ascension Parish Fire Protection District No. 2 at 13% and by Ascension Parish Fire Protection District No. 3 at 22%.
- C. All unexpended appropriations will lapse at December 31, 2025.

Section 2 - 2026 Budget

That the budget proposed for Year 2026 is approved adopted and appropriated, with the following provisions

- A. Expenditures not contemplated in the operation of the government of Ascension Parish as set forth in this budget are to be approved in accordance with the provisions of Article VII, Section 7-01 of the Home Rule Charter of Ascension Parish.
- B. Transfer from the Sales & Use Tax District No. 1 Fund to the General Fund, the Road & Bridge Fund, and the Criminal Court Fund, in the amount necessary to maintain a balanced fund, but will not exceed the amount authorized in the Budget. The Recreation Fund is allocated 10% of the net 1% Sales & Use Tax District No. 1 revenues as an additional source of funding. Funding is also provided by an allocation to Sales & Use Tax District No. 1 Sinking Fund, and FINS (Families in Need of Services). To the extent that the resulting revenues of the Sales & Use Tax District No. 1 Fund exceed expenditures and transfers, and after an adequate Fund Balance equal to six months of expenditures is maintained, then such excess will be transferred 25% to the Mega Infrastructure Projects Construction Fund, 25% to the Recreation Fund, and 50% to the Move Ascension Fund.
- C. The one-third net of the Sales and Use Tax District #2 revenues collected for fire Protection shall be shared by Ascension Parish Fire Protection District No. 1 at 65%, by Ascension Parish Fire Protection District No. 2 at 13% and by Ascension Parish Fire Protection District No. 3 at 22%.
- D. Funding to provide for the 2025 encumbrances is hereby approved and appropriated.

E. All unexpended appropriations will lapse at
December 31, 2026

This ordinance having been submitted to a vote, the vote thereon

HISTORY

EARLY DAYS

Over 500 years define the history of the site of Ascension Parish; a site historically identified by the important junction of the Mississippi River and Bayou Lafourche.

About the year 1200, these waterways were one, then the river changed course, leaving behind a small stream the Native Tribes called 'bayuk'; today's Bayou Lafourche.

The Houma Bayougoula, and Tchitimacha tribes occupied this site for years before Europeans. While primitive, they lived in organized communities with disciplined beliefs.

ASCENSION PARISH GOVERNMENT
State of Louisiana

They were hunters and farmers who built mounds and temples. They knew pottery, basketry, and ceramics. They named the Great River, 'Michi Sipi,' and are to be credited for helping the early settlers.

The first Europeans (Spanish explorers) arrived here before 1520. In 1541, the conquistador, Hernando de Soto, was the first to write of the Great River, and his lieutenant, Luis de Moscoso, was likely the first to travel the length of Bayou Lafourche on his escape to Mexico.

In this period the Tribes spoke openly of 'the fork' (Bayou Lafourche) in the river as another route to the Gulf, but this openness faded, and la fourche was thought mere fable. In 1680, however, the French missionary, Louis Hennepin, wrote of the strategic fork in the river. Afterwards, the search for 'la fourche' became an obsession for the French.

In 1682, Rene Robert Cavalier, Sieur de La Salle, descended the Mississippi. In April, he found the Gulf, and claimed "La Louisiana" for France.

Due to seasonal high waters la fourche was not found. Because he did not document the river's mouth, for nearly twenty years Louisiana was mostly undisturbed, other than 'coureurs-des-bois' (French trappers) roaming the territory.

By 1698, France and Spain were competing for Louisiana. Serving France in 1699, Pierre Le Moyne, Sieur d'Iberville rediscovered the Mississippi, and began colonization. With help from the Natives he found Bayou Manhaq, which today is one of Ascension's northern boundaries. 'La fourche', however, remained elusive.

In 1700, d'Iberville's brother, Jean-Baptiste le Moyne, Sieur de Bienville, with Louis Juchereau de St. Denis, and Henri de Tonti, found la fourche, and named it 'Les Riviere de Tchitimacha.' In this period, Iberville founded Mobile in 1702; St. Denis founded Natchitoches in 1714, Bienville founded New Orleans in 1718, and the French became firmly established from Canada to the Gulf.

It is thought that a tiny village existed on the Mississippi at Bayou Lafourche at this time. The village was called 'La Fourche des Tchitimacha,' and later 'La Fourche.' In time, French, Canadians, Germans, Spanish, English, African and Native Slaves populated it.

AGRICULTURE IS ESTABLISHED

During this time the area's economy was agricultural; food crops, tobacco, and indigo, Sugar Cane was planted in 1700, but not formally established until 1795. Because adequate labor was needed, by 1717 some 3,000 African Slaves were cultivating the land, and their number grew until Slavery was outlawed. Like the Natives, Africans are to be credited for the growth of the Colony.

By 1721, Louisiana was divided into nine districts with the New Orleans District representing today's Ascension Parish. That year saw the arrival of German settlers (L'Allemands) on the river and in the Bayou Lafourche area. They suffered deprivation and great loss coming to Louisiana, but their hardiness was later credited with saving New Orleans.

In 1762, France ceded Louisiana west of the Mississippi, and the 'Isle of Orleans' to Spain. The Isle was the area east of the river bounded by the Bayou Manchaq, the Amite River, Lakes Maurepas, Ponchartrain, and Borgne. All of today's East Ascension was part of the Isle of Orleans.

ACADIAN COAST

In 1755, an event critical to Ascension occurred in Canada; England's exile of the French from Acadia (England's Nova Scotia). Acadian families were scattered and torn apart. Misery followed, but disciplined beliefs sustained them. In 1765, many arrived at New Orleans, and were settled in today's Ascension, an area quickly call the 'Acadian Coast,' later Acadia District (1769), and Acadia County (1804). The Cajuns are due much credit for the growth of Ascension and Louisiana.

Curious to the diverse people of Ascension at this time was the 'Creole.' Writers called them a 'created people.' They were first defined as the newborn French in the Louisiana Colony. In time, this was applied to the Germans, Spanish, and Africans. Indeed, so popular was being Creole, even their produce held that important notoriety, and was constantly sought-out by visitors.

In 1772, the village of La Fourche, the Ascension Church Parish, 'La Iglesia de la Ascension de Nuestro Senor Jesus Christo de La Fourche de Los Tchitimacha' was officially founded by Father Angelus de Reuillagodos. Because of this, La Fourche became known as 'L 'Ascension.'

In 1788, Spain recruited settlers from the Canary Islands to help defend against the advancing English (L'Anglais). Called 'Islenos,' they founded two settlements near L 'Ascension, 'Villa de Galvez' and 'Villa de Valanzuela.' English economic penetration was feared, and despite attempts to prevent it, at L 'Ascension, Baton Rouge and New Orleans they became established.

THE AMERICAN REVOLUTION

In 1779, the American Revolution visited Louisiana. Successfully defending the region were the Spanish and local troops of French, Canadian, Cajun, Isleno, German, African (Slave and Free), and Tribal Natives. Victories at Baton Rouge and Mobile were fervently hailed by the United States.

In 1800, Spain returned Louisiana to Napoleon's France, Realizing the difficulty of defending Louisiana from the English, in 1803; he sold it to the United States. When news of 'The Purchase' reached L 'Ascension, English settlers were jubilant, while the French were dismayed.

CREATING ASCENSION PARISH

In 1804, The Purchase was divided, with Louisiana as the 'Orleans Territory.' This was divided into 12 counties, with the L 'Ascension area as 'Acadia'; population 5,000. Due to its prosperity, Acadia became the 'Gold Coast.' In 1807, the Territory was divided into 19 parishes. 'Ascension Parish' was created from Acadia. In 1812, the Territory became 'Louisiana,' the 18th State.

Today, Ascension Parish is a true American treasure. It is the 'Gateway' to a glorious and sublime portrait of time and people spanning more than five centuries. Ascension Parish is an immense collection of diverse histories deserving simply of recognition, celebration, and protection.

ORGANIZATIONAL SECTION

ASCENSION PARISH GOVERNMENT

State of Louisiana

BUDGET POLICIES AND ASSUMPTIONS

The Ascension Parish Council (the Council) is the governing authority for Ascension Parish (the Parish) and is a political subdivision of the State of Louisiana. The Council, under the provisions of the Ascension Parish Home Rule Charter, which was effective January 3, 1994, enacts ordinances, sets policy and establishes programs in such fields as social welfare, transportation, drainage, public safety, and health services.

The Parish's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The budgets of the Parish are prepared consistently with the accounting method used for the applicable fund and are amended periodically for changes in projected activity.

Budgetary Basis

Budgets for all governmental funds are prepared on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when measurable and available, and expenditures are recognized when the related fund liability is incurred.

Budgets for the enterprise and internal service funds are prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when obligated to the Parish and expenses are recognized when a commitment is made.

Balanced Budget

Louisiana law requires the Parish to adopt a balanced budget for the General Fund, certain Special Revenue Funds and Capital Project Funds. In accordance with Louisiana law, the Parish's budget is considered balanced when expenditures do not exceed total available revenues and beginning fund balance. The Parish is prohibited to report a deficit fund balance in those funds that are legally required to have an adopted budget.

Budget Adoption and Amendments

The Home Rule Charter for the Parish outlines procedures for adopting a budget for funds from the primary government.

1. No later than seventy-five days prior to the beginning of the fiscal year, the President is to submit detailed operating and capital budgets for all funds. The budgets submitted are to be balanced.

ASCENSION PARISH GOVERNMENT

State of Louisiana

Budget Adoption and Amendments (continued)

2. The Council may amend the budget, except that the debt service shall not be reduced below the amount necessary to service the debt nor shall a fund deficit be created.
3. The Council shall publish the budget summary at least ten days prior to conducting a public hearing.
4. The Council is to adopt the budget not less than thirty days before the commencement of the applicable fiscal year.
5. Once adopted, the President can transfer part or all of any appropriation within a department of a fund; however, the authority for other budget amendments resides with the Council.
6. The Parish President may present a supplemental budget for appropriation of any excess revenues over those estimated in the original budget. The Council, by ordinance, may make supplemental appropriations for the year.

At the end of each fiscal year, unexpended appropriations automatically lapse. In no event shall the total appropriations exceed total anticipated revenues, taking into account the estimated surplus or deficit at the end of the current fiscal year.

Budgets for the capital project funds do not necessarily follow the time schedule for other funds, since capital projects may be started and completed at any time during the year. However, the capital project budget must be submitted to the Council for adequate public hearing and adoption on a project-length basis.

Annual operating budgets are adopted for all of the following governmental fund types:

- General Fund
- Special Revenue Funds
- Debt Service
- Capital Projects Funds
- Enterprise Funds

The goal of the budgetary process is to properly align the resources available to the Parish to meet the current and future needs of its constituents. The development of this budget is governed by various legal requirements contained in the Louisiana Local Government Budget Act and the Home Rule Charter for Ascension Parish. In addition, parish management sets generalized budgetary policies and goals. Budgetary development practices recognize that a budget presents a forecast of future financial events and certain rational assumptions must be incorporated for the various components of the budget to be developed on a logical and consistent basis. As part of this process, parish officials must consider the effect current actions

have on the long-term goals and financial position of the Parish. The more significant of such concerns are detailed as follows:

MAJOR REVENUE ASSUMPTIONS AND TRENDS

Revenues are estimated at conservative levels to guard against unanticipated economic downturns, an unexpected decrease in state revenues, or decreases in collection levels. Additionally, the Parish prohibits the use of one-time revenues for ongoing operating expenditures. The Department of Finance prepares revenue estimates for each fund. Many of the projections are developed from information derived from the various departments. The major sources of revenues for the Parish are property and sales and use taxes and intergovernmental revenues.

ASCENSION PARISH GOVERNMENT

State of Louisiana

Sales and Use Taxes

Sales tax revenue projections are conservative given the volatile nature of this economically sensitive revenue source. Revenue from this source is extremely difficult to project since these tax collections are heavily influenced by the level of commercial construction and equipment acquisitions. Consumer retail trade represents approximately 46% of taxable sales for Parish Government. In addition to consumer spending, chemical plants and industrial supplies activity accounts for approximately 41% of taxable sales. As stated, the Ascension Parish economy is significantly influenced by the many companies engaged in petrochemical processing, which are in the industrial corridor along the Mississippi River in and around the Parish.

Ad Valorem Taxes

Ad Valorem Taxes represent another major source of funding for Ascension Parish. This is consistent with Louisiana statutes providing that parish governments may, with voter authorization, levy special property tax millages for any purpose legally within their scope of jurisdiction. The General Fund's ad valorem tax is a constitutional tax and is not subject to voter authorization. Ascension Parish levies several such special millages. All these levies are legally dedicated for a specific purpose as decided by the voters of the Parish. This means that, by law, the Parish can only use the revenue derived from the millages for the specified purpose. The ad valorem taxes for the Parish are dedicated as follows:

<u>Description</u>	<u>Per \$1,000</u>
General:	
Outside municipal limits	\$ 2.71
Inside municipal limits	1.35
East Ascension Drainage	4.88
West Ascension Drainage	9.82
Animal Services	.98
Juvenile Detention	.98
Lighting Districts	1.01 –4.84
Health Unit	1.98
Mental Health Unit	1.98
Library Maintenance	5.53
Council on Aging	1.50
Fire Districts	19.24
Road Infrastructure Districts	15.00

The property tax calendar is as follows:

Millage rates adopted	July 1st
Levy date	July 1st
Due date	November 15th
Lien date	January 1st
Collection dates	December 1st to February 28th

In 2026 ad valorem taxes are estimated to generate over \$45.8 million or 17.6% of the Parish's total revenues. Ad valorem taxes are included in the General Fund and certain Special Revenue Funds. Ad valorem taxes are recorded as current revenue to the extent collected within 60 days after year-end.

ASCENSION PARISH GOVERNMENT

State of Louisiana

Ad Valorem Taxes (continued)

The tax roll for the current year is not available by the budget submission date. This requires that a revenue estimate be prepared for the current year as well as the subsequent year. A projection for the 2025 taxable valuation was obtained from the Parish Assessor and was considered reliable based upon the extensive knowledge of year-to-date changes in assessment values. This estimate and collection trends were utilized to project 2026 tax revenues. The taxable valuation and estimated collections for 2026 were projected to remain consistent with 2025 levels at \$45,848,000.

Intergovernmental Revenues

Intergovernmental Revenues represent another major revenue source for the Parish. Intergovernmental Revenues are received primarily from the State of Louisiana and include state revenue sharing, state severance taxes, state transportation funds, state shared royalties and state grants. Most of the intergovernmental revenues are included in the Special Revenue Funds and the Capital Project Funds. A significant portion of these revenues include grant awards and expense reimbursements. As such, the adopted intergovernmental revenue budget will vary significantly based on the expected grant awards and other reimbursable activities.

Intergovernmental Revenues can vary widely from year to year given the nature of state grants received for the year. To illustrate the variability of intergovernmental revenues, the Parish is projecting Intergovernmental Revenues of \$81,095,000 for 2026. Some of these revenues are for grant proceeds for FEMA Repetitive Loss Reduction Elevation Program (\$7,036,000), FEMA Hazard Mitigation Grant Program for Drainage (\$16,775,000), CDBG Hometown Revitalization Grant (3,777,000), Statewide Flood Control Grant (\$13,672,000), DOTD Mississippi Levee Trail Grant (\$2,121,500), State Capital Outlay (\$30,675,000), as well as various State Appropriations/Grants totaling approximately \$7,038,500.

Fund Balances/Net Assets

Fund balance and net assets represent the difference between assets and liabilities. Fund balances are accumulated in the governmental funds and net assets are accumulated in the proprietary and internal service funds. The terminology used to describe the Parish's equity is different for these fund classifications due to the different accounting basis and measurement focus used, which is described in the budgetary basis section of this document.

Net assets and fund balances are reported as restricted when there are limitations imposed on their use by external parties such as creditors, grantors, or the laws or regulations of other governments. When expenditures are incurred in governmental funds, the Parish's policy is to apply the expenditure in the following priority: 1) Restricted fund balance, 2) Committed fund balance, 3) Assigned fund balance, and 4) Unassigned fund balance.

Appropriate fund balance levels vary widely among individual funds. The primary consideration is the fund revenue structure. Long-range plans and anticipated requirements for new services or capital expenditures are also important. It is a general goal of the Parish to maintain a fund balance equal to 6 months of expenditures. An exception to this is that the General Fund is currently building up their fund balance to equal 6 months of expenditures. Previously their adequate fund balance was accounted for in Sales and Use Tax District #1 (Fund 108). This fund is dedicated to any lawful purpose of government.

ASCENSION PARISH GOVERNMENT

State of Louisiana

Capital Expenditures

Long-term assets are accounted for as capital assets and are classified as capital expenditures, which include land and land improvements, buildings, equipment, furniture and infrastructure assets (streets, roads, bridges, sewer and drainage systems). Donated capital assets are recorded at estimated fair market value at the date of donation and primarily relate to subdivision roads accepted into the Parish maintenance system. Major outlays for capital assets and improvements are capitalized at the completion of construction projects and are generally accounted for in a Capital Outlay Fund. The Parish's capitalization policy stipulates a capitalization threshold of \$5,000.

The Parish maintains a five-year capital improvement program, updates it annually and makes substantially all capital improvements in accordance with the plan.

The Parish maintains all its physical assets at a level adequate to protect the Parish's capital investment and minimize future maintenance and replacement costs. Maintenance and replacement costs are generally budgeted from current revenues where possible.

Cash Management and Investments

The Parish's investments are in U.S. Treasury Bills and Treasury Notes as well as obligations of U.S. government agencies. All securities held by the Parish hold a maturity date between 1 and 3 years and are not exposed to any custodial credit risk. Maturities of such investments are matched to cash flow needs. Interest earned on investments is allocated to the funds monthly based upon balances maintained.

Debt Service

The Parish's primary objective in debt management is to keep the level of indebtedness within available resources and debt limitations established by state law. In this regard, the Parish acts very conservatively and does not plan to issue any significant debt in the near future. The balance of our long-term debt is steadily declining. It is the policy of the Parish to not issue debt to finance current operations.

State law allows a maximum debt limit equal to 35% of the total assessed valuation for the Parish. At December 31, 2024, the Parish's outstanding debt was at 6.5% of the legal debt limit, which was calculated at approximately \$1,207 billion. Principal and interest on long-term debt are serviced by sales and use tax and general obligated revenues.

ASCENSION PARISH GOVERNMENT

State of Louisiana

Debt Service (continued)

Computation of the legal debt limit for general obligation bonds is as follows:

Ad Valorem taxes – assessed valuation, 2024 tax rolls	\$ 3,450,996,390
Debt limit: 10% of assessed valuation (for any one purpose)	\$ 345,099,639
Debt limit: 35% of assessed valuation (aggregate, all purposes)	\$ 1,207,848,737

Budgetary Controls

The Parish maintains a system of budgetary controls, the objective of which is to ensure compliance with the annual appropriated budget. Activities of the General Fund, certain Special Revenue Funds, Debt Service Funds, Capital Project Funds and Proprietary Funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is on a functional basis. The Parish also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Purchase orders which would result in the material overrun of a departmental budget are rejected by the accounting system and are not processed until additional funding is available. Monthly budget reports are prepared for management's use in monitoring and controlling the approved budget.

Risk Management

The Parish has a self-insured retention program (SIR) within the internal service fund for potential liabilities. Claims in excess of the self-insured retention amounts are covered through third-party limited coverage insurance policies. The Parish is self-insured with excess coverage in these areas: (a) worker's compensation liability with a one-year period retention of \$400,000 per occurrence, and (b) general liability (including automobile, general liability, products and property) with a \$100,000 per occurrence limit not to exceed \$500,000 annually.

All funds of the Parish participate in the program and make payments to the internal service fund based on actuarial estimates of amounts needed to pay prior and current year claims. The Parish engaged an actuary to determine the required self-insurance liability, including claims incurred but not yet reported. Required reserves have consistently fallen since 2008.

The Parish is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Parish carries commercial insurance. There have been no major changes to insurance coverage and there have been no amounts exceeding insurance coverage in the last three years.

Pension Plan

Substantially all Parish employees are members of the Parochial Employees' Retirement System of Louisiana. The plan is funded through employee payroll deductions, which is matched by the Parish at an actuarially determined rate. All deducted and matched funds are remitted to the retirement system. Retirement benefits are administered by the statewide plan and are not guaranteed by the Parish.

Financial Reporting

The Home Rule Charter requires the Parish to provide for an annual independent audit of all accounts and financial transactions of the Parish. The Parish produces annual financial reports in accordance with Generally Accepted Accounting Principles (GAAP).

STRATEGIC PLANNING

ASCENSION PARISH PERFORMANCE MANAGEMENT SYSTEM

Ascension Parish had developed a performance management system to further improve the effectiveness and efficiency of parish services. It will provide external parties with the information necessary to assess the level of results achieved by the parish and provide parish administrators with the information they need to assist in solving problems and delivering results.

Through this performance management system, the Parish is developing strategic plans and performance measures for each of its Parish Departments. While this system is still in its early stages of development, it has already had a significant impact on the operations of the departments and the Parish as a whole.

Ascension Parish will utilize these strategic plans to:

- Set the vision for our departments to assist in short-term and long-term planning
- Ensure the administration and employees are all “on the same page” with the direction of each department
- Prioritize the needs of each department to ensure effective spending of our limited resources
- Assist in decision making
- Provide accountability for the services provided by each department
- Provide transparency to the public

Currently, the Parish is working on an online system to allow the public to interactively view strategic planning data, including performance measures by department. This will be a great addition to the Parish’s current online transparency website.

The Administration has established Parish-wide Mission, Vision, Values, and Goals to guide each Department in developing their individual strategic plans. This Parish-wide information provides the strategic direction to link the Department strategic plans and the vision of the Parish.

Each Department has developed a strategic plan which consists of:

- **Mission Statement** – what they do
- **Goals** – where they are going
- **Objectives** – quantitative statements of how goals will be achieved
- **Performance Measures** – measure results towards achieving our strategic plan

Our Mission

Enhance the quality of life of our residents in an efficient manner by providing innovative high-quality; cost-effective services that meet the needs and expectations of the public.

Our Vision

Ascension Parish will be seen as a leader in the State and Nation by our innovative and data driven solutions and responsible pursuit of quality services to enhance the quality of life of our residents. Our people are our Parish’s most important asset, and we seek to instill public trust in government by exceeding their expectations and inspiring our employees to develop pride in the services that they provide.

Our Values

The values that help shape Ascension Parish reflect that we are Ascension PROUD and let that philosophy guide all our work efforts.

P stands for **Proactive**. We are forward thinking and attempt to solve problems before they arise. We have our eye to the future and strive to be ahead of the curve by using data to drive our solutions.

R stands for **Responsibility and Accountability**. We take responsibility for achieving results and hold ourselves accountable for our actions. We recognize that going above and beyond what is expected every day leads to us providing excellent services and builds trust with the public, across departments, and with other agencies in the parish.

O stands for **Openness to Innovation**. We actively seek out good ideas that have a lasting, positive impact on our work, our community, and our environment. We don't simply do "the same thing as last year". We expect a forward thinking and innovative mindset.

U stands for **United** in our commitment to work as a **Team**. We partner with one another, our community, and other public entities to provide the best service possible.

D stands for **Dedication to Ethics and Integrity**. Our actions will rebuild and maintain the trust and confidence of the public and the organization.

Our Goals

Build trust through exceptional, efficient and innovative services. Provide the highest quality service to our residents in the most efficient and effective manner through accountability, transparency and public engagement.

Plan, Build and Maintain Robust Infrastructure. Deliver innovative, safe, reliable, efficient and sustainable infrastructure that keeps pace with Parish growth.

Build a Healthy and Engaging Community. Provide opportunities for residents to enjoy healthy living through programs, healthcare services and Parish recreational facilities to improve the quality of community and family life.

Foster a diverse and robust economy. Work with state and local government officials to ensure a robust and diverse economic environment that builds a wide variety of business opportunities in the parish. Partner with business and industry to leverage knowledge, resources, and experience to benefit all residents of the parish.

FINANCE DEPARTMENT

DEPARTMENT DESCRIPTION

The Finance Department is responsible for all financial accounting and reporting for parish government operations, including Fire Districts Nos. 1, 2, and 3; East and West Ascension Drainage Districts; ACUD No. 1; and state-mandated expenses for the District Attorney, 23rd Judicial District Court, Parish Court, Sheriff, Clerk of Court, Assessor, Coroner, Justices of the Peace and Constables, Registrar of Voters, and the Parish Prison.

Department services include preparation of the parish's annual budget; accounts payable processing; general ledger maintenance and financial reporting; payroll processing and reporting; investment portfolio management; debt service and bond administration; and fixed asset management.

The department operates in compliance with Generally Accepted Accounting Principles (GAAP) as required by the Governmental Accounting Standards Board (GASB), the Louisiana Legislative Auditor, and all applicable state and federal laws, as well as the Ascension Parish Home Rule Charter.

MISSION

Maintain a positive environment within the Finance Department; to empower our employees to be effective, efficient and accountable for their job responsibilities to ensure the citizens of Ascension Parish their public funds are maintained in strict compliance with Generally Accepted Accounting Principles.

SIGNIFICANT ACCOMPLISHMENTS

2024 Accomplishments

- Continued delivery and enhancement of the **Open Finance Fiscal Transparency Website**, supporting public access to financial information.
- Received the **Certificate of Achievement for Excellence in Financial Reporting** from the Government Finance Officers Association (GFOA) for the **15th consecutive year**.
- Received the **Distinguished Budget Presentation Award** from the GFOA for the **13th consecutive year**.
- Earned the **GFOA Triple Crown Award** for the **first time**, recognizing achievement in all three reporting categories: the Certificate of Achievement for Excellence in Financial Reporting, the Distinguished Budget Presentation Award, and the Popular Annual Financial Report Award.
- Implemented **ACH (Automated Clearing House) vendor payments**, improving efficiency and timeliness of disbursements.

- Successfully delivered **electronic W-2 forms** to all employees, enhancing accessibility and reducing paper processing.

2025 Accomplishments

- Awarded the **Certificate of Achievement for Excellence in Financial Reporting** by the Government Finance Officers Association (GFOA) for the **15th consecutive year**.
- Awarded the **Distinguished Budget Presentation Award** by the GFOA for the **13th consecutive year**.
- Prepared and submitted the **Popular Annual Financial Report (PAFR)** to the GFOA in pursuit of the **Triple Crown Award** for the **second year**, which recognizes excellence in financial reporting, budget presentation, and the PAFR. Results are currently pending.
- Continued expanding the number of vendors enrolled in **ACH (Automated Clearing House) payment processing** to improve efficiency and timeliness of payments.
- Collaborated with **Data Analytics** to enhance reporting capabilities, streamlining the preparation of interagency billings and reimbursement requests.

GOALS AND OBJECTIVES

Department Goal 1: Maintain high quality of accounting and budget functions

- Receive GFOA award for accounting FY25 and budgeting for FY26
- Receive unqualified opinion on FY25 annual audit
- Update all audit procedures by end of FY26
- Continue processing ACH payments to more vendors in 2026
- Monitor fund balances to ensure adequate reserve

Department Goal 2: Embrace a bold and innovative culture that empowers and inspires excellent services within a collaborative and healthy work environment.

- Create training and certification plan by end of FY26
- Review all Munis functions by end of FY26 to identify opportunities for improving efficiencies
- Increase the number of certified staff

EAST ASCENSION CONSOLIDATED GRAVITY DRAINAGE DISTRICT

DEPARTMENT DESCRIPTION

The drainage department is responsible for public waterway maintenance (including bridge obstructions), digging of ditches on and off road, operating and maintaining pumping stations, flood control infrastructure, excavation work, blowing out of culverts and driveway-related items, removal of trees from ditches/canals, and flooding and pumping-related items.

MISSION

Proactively manage the parish drainage system by planning, funding, constructing, operating, and maintaining improvements within the parish necessary to control, conserve, and dispose of excess flood and storm waters to protect life and property for Ascension Parish residents, businesses, and surrounding jurisdictions.

SIGNIFICANT ACCOMPLISHMENTS

- Successfully Hired an in-house Drainage Engineer
- Established a partnership with LSU and EACGDD#1 regarding the development of an A.I. oriented Flood Forecasting System for Ascension Parish.
- Successfully obtained USCAE permit approvals for regional detention and pump site construction at two locations in Ascension Parish (Conway regional Pump site and Joh Leblanc Blvd.)
- Assisted SCADA with implementing automation of pump 1, draw bridge, and boat way of Marvin Braud pump station
- Assisted SCADA with the installation of 6 additional rain/river gauges within the Parish
- Worked with the GIS department to streamline and automate specific workflows:
 - Culvert inspection process
 - Easement servitude process
 - Waterway inspection process
 - Waterway Maintenance work orders
- Laurel Ridge Levee Extension was completed within budget in December of 2025
- Completion of the Fish Bayou Floodgate project within the Bluff Swamp watershed (\$3,500,000.00)
- The New River Tilting Wier project was completed in July of 2025.
- Floodplain Management implemented, and the creation of the (ADAPT) Ascension Drainage Assistance Program Team. This team is focused on securing funding for the 30 capital projects that were prioritized within the Floodplain Management Plan. As of December 2025, the Program has secured funding for
 1. New River Stormwater Pumping Station to the Mississippi River (L.W.I./A.R.B.C Funding)
 2. Marvin Braud Pump Station and Levee Systems Upgrades Project (H.M.G.P. Funding)
 3. Sorrento Pump Station Expansion Project (H.M.G.P. Funding)
 4. The Lower Bayou Conway Drainage Improvements Project (L.W.I. Funding)
 5. Middle Henderson Bayou Drainage Improvements (Statewide Flood Control funding)
 6. Welsh Gully Drainage Improvements Project (Statewide Flood Control funding)
 7. Bert Allen Ditch Drainage Improvements (B.R.I.C. Funding)
- Property Acquisition of properties identified within the Floodplain Management Plan. As of December 2025, the Parish has acquired 9 tracts of land for the purpose of establishing regional detention facilities within the Parish.
- Implementation of new drainage regulations for subdivision developments within the parish. Downstream channels must be verified to function at the proper capacities and standards. If the

channels are found to be standard, they must be brought up to standard before development construction approvals are granted.

- Implementation of the use of H&H models from the Parish Floodplain Management Plan as a mandatory tool to show zero net impacts from proposed developments within the Parish.
- Developed flooded structures and high-water tracking applications with the Data Analytics group. This application created a centralized location to store post-flood event data.
- Worked with the Data Analytics group to develop the first set of (S.C.A.D.A. Supervisory Control and Data Acquisition specifications). These specifications are essential to all capital project plans and specifications.
- Multi-year capital budgeting implemented

GOALS AND OBJECTIVES

Department Goal 1: Maintain flood control infrastructure in an efficient and effective manner

- Implement a flood plain management plan
- Implement the use of hydraulic modeling within the parish drainage management department
- Implement 25-year comprehensive Capital Outlay Plan
- Implement proactive protective measures within the parish pumping stations (SCADA Supervisory Control and Data Acquisition)
- Increase the capacity of flood infrastructure and pumping stations
- Create an inventory of drainage servitudes and waterways

Department Goal 2: Maintain vegetation and drainage infrastructure in an efficient and effective manner

- Implementation of a Vegetation and Drainage Management Logistical master plan and software that visually represents the department's production, establishes staff accountability, ensures that all parish assets receive the proper level of service, and provides the public with real-time updates
- Create an inventory of all property to be maintained by the parish
- Identify innovative solutions to improve efficiency

Department Goal 3: Embrace a bold and innovative culture that empowers and inspires excellent services within a collaborative and healthy work environment.

- Begin developing a training and certification plan
- Continuing management and supervisory training
- Ensure that all staff obtain the proper license certification per job description requirements

Department Goal 4: Have a 25-year capital outlay vision and put the parish in the best position to be successful in achieving the plan

- Implement proactive protective measures within every capital project (SCADA Supervisory Control and Data Acquisition)
- Increase the capacity of flood infrastructure and pumping stations
- Bring the Current project pipeline to construction and implementation.
- Develop shovel-ready plans and specifications to convert the Parish satellite pump station sites from manual tractor pumps to fully automated electric pumping stations with SCADA systems. The end goal is to have these 5 sites become fully operational from the Parish command center.
- Secure funding to construct the plans and specifications for the isolated pumping stations.
- Develop plans and specifications for the implementation of regional detention on the properties that the Parish has purchased.
- Start and complete construction on the first regional detention project in Ascension Parish.

RECREATION DEPARTMENT

DEPARTMENT DESCRIPTION

The Recreation Department provides maintenance, recreation programming, and facility operations of Parish parks, community centers, playgrounds, boat launches, ball fields and other recreational amenities. The department is also responsible for the grounds maintenance operations of all Parish owned facilities including parks, administrative office buildings, and courthouses.

DEPARTMENT MISSION

Provide opportunities and experiences that build a healthier community through amazing parks, facilities, and programs.

SIGNIFICANT ACCOMPLISHMENTS

- Created a new Recreation Organizational Chart to be implemented over a 3-year period
- All full-time recreation staff members became certified in CPR & First Aid
- Installed Wi-Fi and security cameras at St. Amant Park and Leo Stevens Park and created plans for these features to be installed at Butch Gore Park and the South Louisiana Fairgrounds
- Developed new signage and language for General Park Rules, Frank Sotile Jr. Pavilion, Oak Grove Skatepark, and all tennis and pickleball courts
- Gained responsibility to operate and program the Lamar Dixon artificial turf field
- Partnered with the Walls Project to paint an art mural on the splash pad at the South Louisiana Fairgrounds
- Created an employee service day with Methanex to plant trees, bushes, and other landscaping at Geismar Community Park
- Partnered with the Ascension Parks Foundation to plant shade and fruit trees at Southwood Park
- Produced (15) Sock Hops with great success and patron approvals at Lamar Dixon and in Donaldsonville
- Hosted Little League Baseball District Tournaments
- Increased participation in every youth league for their respective season – Youth basketball, flag football, soccer, softball, & baseball and adult basketball.
- Introduced Indoor Futsal and a Donaldsonville Soccer Outreach program
- Installed a new roof on Geismar Community Park recreation center
- Resurfaced the tennis courts at the South Louisiana Fairgrounds
- Updated restroom facilities at Butch Gore Park, Leo Stevens Park, Paula Park, and St. Amant Park with new flooring, fixtures, and stall dividers
- Built a new ADA accessible playground at Oak Grove Park
- Installed new kitchen cabinets and equipment, new flooring throughout the buildings, and fresh paint at Oak Grove Community Park and Geismar Community Park
- Erected an umpires' dressing room and office space at Leo Stevens Park
- Finished construction of (5) new pickleball courts at Southwood Park

- Started construction on the adult softball facility with new restrooms, turf infield, irrigated outfield, backstops, and paved parking at Prairieville Park
- Completed renovations to the multipurpose field and built a new Airnasium, new restroom building, and paved parking lot at the South Louisiana Fairgrounds
- Completing construction on the new St. Amant Rec Center & Library Complex
- Installed new kayak launches at PJ's Landing and Laurel Ridge boat launches
- Designed a masterplan for Lemannville Park, Donaldsonville Gym Armory, and Mississippi Levee Bike Trail connection to Darrow Recreation Center
- Oversaw the mowing contracts throughout Ascension Parish at government buildings, sites, and parks
 - Services with Geaux Mow for contract mowing software in coordination with AP Gov GIS system
 - Includes services, but not limited to an annual bidding process, service record keeping system, automated invoicing and approval system, and a completion of services tracking system

GOALS AND OBJECTIVES

Department Goal 1: Improve recreation facilities and introduce new programs.

- Continue to evaluate and improve current facility and park conditions
- Continue implementing design, construction, and maintenance standards for current park improvement and maintenance projects
- Collect data-driven information to design new opportunities and experiences
- Increase the number of rentable features throughout the system
- Hire a Recreation Program Specialist to further develop programming
- Implement (2) new community events attracting parish-wide attendance and (3) new enrichment or educational programs within the community centers

Department Goal 2: Identify partnership opportunities with public and private entities to expand our reach within the community.

- Prioritize projects and programs requiring alternative funding
- Seek opportunities to partner with local businesses and develop donor opportunities based on prioritized projects
- Research and apply for grants
- Work closely with Ascension Parks Foundation to assist in raising funds for the Recreation Department

Department Goal 3: Increase our facilities and programs' visibility within the communities they serve.

- Work closely with the Communications Department to evaluate current strategies
- Improve our message and engagement through social media platforms
- Explore other methods/strategies beyond social media to reach the public
- Create a loss-leader event which allows the department to reach a larger audience for other program initiatives

- Network with other businesses, non-profits, and service providers to develop trust and dependability

DATA ANALYTICS DEPARTMENT

DEPARTMENT DESCRIPTION

The Data Analytics Department serves as the cornerstone of organizational excellence, employing cutting-edge technology and data-driven methodologies to enhance operational efficiency, strategic planning, and accountability across the organization. This department is entrusted with evaluating and optimizing the performance of all organizational departments and utilizing advanced software, integrated data systems and solutions, and innovative technologies, tools and insights as necessary to enable the organization to operate at peak efficiency, achieve measurable results, and fulfill their strategic vision and objectives. This is being done by fostering a culture of continuous improvement, transparency, innovation, and collaboration, that strives to ensure every decision, action, and initiative is guided by reliable data and executed with maximum efficiency.

The department is structured into three highly specialized divisions, each playing a critical role in the organization's operational success:

1. Geographic Information Systems (GIS)

The GIS division is a vital component of the organization's infrastructure management strategy. By utilizing advanced geospatial technologies and data visualization tools, GIS provides unparalleled insight into the organization's assets, including their location, condition, and lifecycle. This division enables proactive asset management, supports strategic planning, and enhances decision-making across all operational levels. From optimizing resource allocation to ensuring regulatory compliance, GIS is a critical piece of the organization's ability to maintain and improve infrastructure reliability and efficiency.

2. Data Analytics

The Data Analytics division serves as the intelligence hub of the organization, transforming raw data into actionable insights that drive strategic initiatives and operational excellence. This division is responsible for developing and maintaining sophisticated reporting systems or solutions, performance dashboards, and predictive analytics models. By identifying trends, uncovering opportunities, and addressing challenges, Data Analytics ensures that leaders and stakeholders have the tools they need to make informed, impactful decisions. This division evaluates workflows, processes, and methods to accomplish tasks and makes recommendations for changes that utilize the technologies available.

3. Supervisory Control and Data Acquisition (SCADA)

The SCADA division is the backbone of the organization's operational monitoring and control systems. By collecting and analyzing real-time telemetry data, SCADA ensures the seamless operation of critical infrastructure and systems. This division enables rapid response to potential issues, minimizes downtime, and ensures the safety and reliability of essential services by providing full remote capabilities to field infrastructure. SCADA's integration with other divisions further amplifies its impact, providing a comprehensive view of the organization's performance and contributing to the development of innovative solutions that enhance operational efficiency and public safety.

MISSION

"At the Department of Data Analytics, our mission is to drive organizational excellence through data-driven decision-making, transparency, and continuous improvement. We are committed to providing insightful, reliable, and actionable data and analytics that empower our organization to enhance performance, achieve strategic goals, and ensure accountability at every level. Through our dedication to accuracy, innovation, and collaboration, we strive to foster a culture of continuous improvement and transparency that ultimately leads to informed decision-making and measurable results."

SIGNIFICANT ACCOMPLISHMENTS

GIS Division

ArcGIS Enterprise Modernization & Platform Management

- Successfully implemented **ArcGIS Enterprise 11.2**, retiring ArcMap and transitioning all departmental workflows to **ArcGIS Pro**, modernizing the Parish's GIS environment.
- Collaborated with the IT Department to **migrate the entire ArcGIS Enterprise system to a new server cluster** in 2025, resulting in improved performance, reliability, and long-term scalability.
- Adopted next-generation Esri technologies to **rebuild all public-facing GIS applications** on the updated Enterprise platform, including the General Map, Council District Map, Flood Zone Map, My District Map, Benchmark Map, and Voting Location Map.
- Enhanced cross-department collaboration by improving data governance, standardizing GIS workflows, and supporting **100+ internal Esri user accounts**, along with continuous, high-volume public access to web-based GIS maps and applications.

Enterprise-Wide App Development & Support (Internal + External)

Rolled out and maintain **20+ internal and external GIS applications** that support critical government and public operations.

Internal Applications

- **Office of Emergency Preparedness:**
 - Hurricane Francine debris pickup GIS solution
 - Comprehensive Emergency Management Suite (critical infrastructure viewer, sandbag sites, medical special needs system, evacuation shelter HUB)
 - Pipeline Application mapping
- **EDPW:**
 - Drainage project survey data site
 - Drainage servitude site and workflow
 - Red Dirt Project GIS solution
 - Waterway Management Field Map
 - Minor Drainage Field Map
 - Bridge Inspection Field Map
 - APG Robert's Fuel Off-Site Locations mobile app
- **Finance:** Parish Purchased Property
- **WDPW:** Streetlight Inspection Field App
- **Planning:** Planning Department GIS Application
- **Utilities:** Utility Department GIS Map
- **Transportation:**
 - Utility Permit GIS workflow and solution
 - Road Condition Assessment site

External GIS Solutions

- **Assessor's Office:**
 - Parcel data collaboration and GIS support
 - Adjudicated Parcels Dashboard
- **Sheriff's Office:**
 - 911 dispatch GIS data support

Data Division

Data Centralized Dashboard from all sources

The Data division has revamped our approach to centralize all SCADA, GIS, and other sources such as USGS, GPS, and related live sources into a single menu custom web application. This application can also display historical and aggregating live data from multiple sources, including:

- USGS stream level data
- Ascension Parish Government (APG) stream monitoring stations
- Rain gauge networks
- VTScada operational data

Provides a single source of truth for staff, leadership, and situational awareness during storm events.

Integrated real-time and historical datasets to support data-driven emergency and infrastructure decisions.

Predictive Stream Modeling using AI with LSU

The Parish has executed a Intergovernmental Collaborative Research Agreement with LSU Ocean Modeling Group in the Department of Oceanography & Coastal Sciences (jointly affiliated with the Center for Computation and Technology), to create an AI / Machine Learning method of stream level forecasting and collectively with the Parish and outside available datasets, will continue to refine and work on a solution for prompt flood risk mitigation and alerts as well as recommended actions to the existing infrastructure.

SSRS reporting

Continued the support of other departments by creating custom reporting solutions for projects such as Red Dirt cover, Labor hours for part time, and many others that assist departments in managing and reporting statistics on accomplished work activities.

- Developed the **Parish Budget Book report**, improving transparency and accuracy of financial data presentation.
- Created **audit support reports** and **timekeeping analysis reports**, strengthening compliance, accountability, and internal controls.
- Designed and implemented **GPS management reports** to support asset tracking, fleet oversight, and operational planning.

SCADA Division

Marvin Braud pumps 1, 2 & 3 online and automated

The SCADA division was able to install and configure all components for remote control of pumps 1 through 3, including the boat way, bridge, and gates at Marvin Braud pump station. In total, pumps 1, 2, 3, 6 & 7 are online with 1-3 having remote capabilities. The SCADA system has since saved the pumps from another event such as a fire for low air pressure twice now since it has been installed and configured which is paying dividends by itself. Pumps 4 & 5 are completed 90%.

Smith Bayou Automation and Remote control of Gates

The SCADA team has coordinated and constructed remote control gates at a remote site on Smith Bayou that allows management of the facility / structures even with no power. The prototype design is created and implemented by our SCADA team and proves proof of concept on the capabilities without the need for generators. Battery backup with solar power is sufficient for this apparatus.

New River Tilting Weir Automation and Remote control of weirs

Remote control and telemetry data has been configured, installed and deployed for the new tilting weir at New River canal. This allows remote controlling the level of the bayou and full management of the capacity in which it contains.

River and Rain Gauges sites

The Parish SCADA team has installed and manage a total of 28 stream level and rain gauge sites. Additional 10 more sites are added this year, with expansion continuing throughout next year and planning is in place for off-site waterways as well as school sites for additional infrastructure points of data.

GOALS AND OBJECTIVES

Goal 1: Enhance Data Integration and Accessibility

Objective 1.1: Develop a Procedure and tracking system for our Data sources meta data.

- Performance Measure: 100% of GIS SDE data have full compliance meta data documented by completing 25 each year.
- Performance Measure: Validate each Input tag in VTSCADA for accuracy by logging and evaluating at least 15 a year.

Objective 1.2: Improve access to real-time data availability for decision-making.

- Performance Measure: Create dashboards containing live data sets by deploying at least 10% a year of available sources into at least one dashboard being utilized by a department head.
- Performance Measure: Identify outside sources and bring them into our SCADA or GIS system by finding and obtaining official live data streams and building our library by at least 2 data sources a year.

Goal 2: Improve Data Quality and Accuracy

Objective 2.1: Implement data validation and error detection.

GENERAL FUND

Summary Overview

The General Fund is the primary operating fund of the Parish. It is used to account for all financial resources except those required to be accounted for in another fund. Below is a summary of the major highlights of the General Fund 2026 operating budget.

Revenues:

The General Fund's primary sources of revenue are from ad valorem and sales taxes collections. These major revenue sources represent over 41% of the projected 2026 resources for the General Fund.

Ad Valorem taxes are projected to be approximately \$6.0 million, or 14.8% of total revenues and other financing sources. These estimates have been based on property value assessments provided by the Parish Assessor's Office. Ad valorem taxes levied on property were dedicated as follows:

<u>Description</u>	<u>Per \$1,000</u>
General:	
Outside municipal limits	\$ 2.72
Inside municipal limits	1.35

Sales taxes proceeds used to support the general governmental functions of the Parish are collected in the Sales & Use Tax District #1 Fund (a special revenue fund). Nearly 60%, or \$24 million, of the sales and use tax collected in this fund will be transferred to the General Fund. These financing sources represent 58% of all available resources in the General Fund.

Overall, General Fund revenues are projected to decrease by approximately \$599,000. This decrease is mainly due to the decrease in Intergovernmental Revenues – reimbursement FEMA revenues.

Expenditures:

The General Fund expenditure is projected to decrease by approximately 1.1%, or \$348,000, over fiscal year 2025. This increase is mainly due to the decrease in General Administration - Acquisitions – Land.

SPECIAL REVENUE FUNDS

Summary Overview

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Below is a summary of the major highlights of the overall Special Revenue Funds 2026 operating budget.

Revenues:

The special revenue funds' primary sources of revenue are from ad valorem and sales taxes collections. These major revenue sources represent over 69% of the projected 2026 total revenues and other financing sources.

Ad Valorem taxes are projected to be approximately \$39.3 million, or 22% of total revenues and other financing sources. These estimates have been based on property value assessments provided by the Parish Assessor's Office. Ad valorem taxes levied on property were dedicated as follows:

<u>Description</u>	<u>Per \$1,000</u>
East Ascension Drainage	4.94
West Ascension Drainage	9.92
Lighting Districts	1.01 –4.90
Health Unit	1.98
Mental Health Unit	2.00
Library Maintenance	6.52
Council on Aging	1.48
Fire Districts	20.00
Road Districts	15.00

Sales tax proceeds used to support the Parish's general governmental functions and those restricted for specific purposes are accounted for in the special revenue funds. These financing sources represent 46.8% of all revenues and other financing sources collected by the special revenue funds.

Expenditures:

The special revenue fund expenditures are projected to increase by approximately 11% or \$10,105,500 over fiscal year 2025. The increase is mainly due to an increase in road and bridge fund expenditures for asphalt and asphalt filler, contract payments – non-capital for bridge

SPECIAL REVENUE FUNDS

repair, an increase in personnel expenditures for additional staff for major and minor drainage crews; an increase in the juvenile justice fund for operations of the Early Childhood Development Center; an increase in grant funded elevation of houses for the FEMA/Repetitive Loss reduction program.

Department Descriptions

ROAD AND BRIDGE FUND

The Road and Bridge Fund accounts for maintenance of Parish highways, streets, and bridges. Financing has been provided by the appropriation of sales taxes and entitlement from the State's Parish Transportation Fund.

EAST ASCENSION DRAINAGE FUND

The East Ascension Drainage Fund accounts for the maintenance, improvements, and repairs to the gravity drainage systems in their respective District of the Parish. Financing is provided primarily by sales taxes, ad valorem taxes and state revenue sharing.

WEST ASCENSION DRAINAGE FUND

The West Ascension Drainage Fund accounts for the maintenance, improvements, and repairs to the gravity drainage systems in their respective District of the Parish. Financing is provided primarily by ad valorem taxes and state revenue sharing.

SALES & USE TAX DISTRICT #2

The Sales & Use Tax District #2 fund is used to account for the collection and distribution of the restricted 1/2% sales tax. These funds are restricted to be used for road maintenance and construction and fire protection services.

SALES & USE TAX DISTRICT #1

The Sales & Use Tax District #1 fund is used to account for the collection and distribution of the general 1% sales tax. These funds are primarily used to support the General Fund and parish maintenance and operating activities.

CRIMINAL COURT

Criminal Court is a legally separate entity; however, the Parish maintains all accounting activities in a separate fund. The Criminal Court Fund activities are reported in the Parish's annual financial statements as a discretely presented component unit. The inclusion of these activities is due to its fiscal dependency on the Parish. The Parish is required by Louisiana State law to pay salaries and certain operating expenses of the Criminal Court, which are accounted for in this fund.

HEALTH UNIT FUND

The Health Unit Fund accounts for the operations of the Parish health unit. Financing is provided primarily by ad valorem taxes and state revenue sharing.

ASCENSION PARISH GOVERNMENT

State of Louisiana

SPECIAL REVENUE FUNDS

MENTAL HEALTH CENTER FUND

The Mental Health Center Fund accounts for that portion of the operations of the Parish mental health center not accounted for by the State Department of Health and Hospitals, Office of Mental Health and Substance Abuse. Financing is provided primarily by ad valorem taxes and state revenue sharing.

ANIMAL SERVICES FUND

The Animal Services Fund accounts for the operations of the animal services facility. Financing is provided by ad valorem taxes.

FIRE PROTECTION DISTRICTS NO. 1, 2, 3

The Fire Protection District No.1, No. 2 and No. 3 Funds account for the maintenance and operation of a fire protection system consisting of twelve fire service units: Modeste Volunteer, Sunshine Volunteer, Palo-Alto McCall Volunteer, Donaldsonville, Geismar Volunteer, Galvez-Lake Volunteer, Fifth Ward Volunteer, St. Amant Volunteer, Sorrento Volunteer, Seventh District Volunteer and Gonzales. In 1994, a dedicated sales and use tax of one-third of one-half of one percent was approved to finance the Districts. In 1998, the Parish created Fire Protection District No. 2 Fund through a residual equity transfer from the Fire Protection District No. 1 Fund. The Fire Protection District No. 2 fund provides funding to a fire protection system for West Ascension Parish. In 2004, the Parish created Fire Protection District No. 3 that includes the Prairieville Fire Department.

RECREATION FUND

The Recreation Fund accounts for the recreational activities for the residents of the Parish. The Recreation Fund is funded primarily by an annual budgetary dedication of ten percent of the one-percent Sales Tax District #1. The Recreation Department provides recreation programs for all citizens of the Parish.

ROAD LIGHTING DISTRICT MAINTENANCE FUNDS

The Road Lighting District Maintenance Funds account for the operations and maintenance of streetlights in Districts 1 through 7. Financing is provided by ad valorem taxes and state revenue sharing.

JAIL FUND

The Jail Fund accounts for the operation of the Parish Jail. It is financed primarily through transfers from the general fund.

LAW OFFICER'S COURT FUND

The Law Officer's Court Fund accounts for the juror and witness fees incurred in District court trial cases. Financing is provided primarily through court fines and bond forfeitures.

ASCENSION PARISH GOVERNMENT

SPECIAL REVENUE FUNDS

JUVENILE JUSTICE PROGRAM FUND

The Juvenile Justice Program fund accounts for the collection of ad valorem taxes designated for housing of juveniles as ordered by the Court system.

SECTION 8 FUND

The Section 8 Fund accounts for resources granted by the Department of Housing and Urban Development (HUD) to provide housing assistance to low-income families.

JUDICIAL EXPENSE FUND – PARISH COURT

The Judicial Expense Fund – Parish Court accounts for the financial transactions of the Parish Court. As per State mandate, the CFO of the parish will oversee all financial transactions of this Court.

COUNCIL ON AGING FUND

The Council on Aging Fund accounts for collection of ad valorem taxes designated for the elderly citizens of Ascension Parish.

JUDICIAL DISTRICT FAMILIES IN NEED OF SERVICES FUND (FINS)

The Judicial District Families in Need of Services Fund accounts for the Families in Need of Services Program, which is funded through transfers from the Criminal Court Fund and Sales and Use Tax District No. 1 Fund.

FEMA – REPETITIVE LOSS REDUCTION FUND

The FEMA – Repetitive Loss Reduction Fund accounts for special grant funds received to elevate property that incurs consistent flood damages in accordance with grant guidelines.

RIVERPLEX MEGAPARK ECONOMIC DEVELOPMENT DISTRICT

The RiverPlex MegaPark Economic Development District Fund accounts for funds received in the designated area of the RiverPlex MegaPark which will be used to further economic development projects in the District.

HIGHWAY 30 INDUSTRIAL CORRIDOR ECONOMIC DEVELOPMENT DISTRICT

The Highway 30 Industrial Corridor Economic Development District Fund accounts for funds received in the designated area of the Highway 30 Industrial Corridor which will be used to further economic development projects in the District.

ROAD INFRASTRUCTURE DISTRICT FUNDS

The Road Infrastructure District Funds account for the operations and maintenance of roads in each respective district. Financing is provided by ad valorem taxes and can only be used for road projects within the district.

DEBT SERVICE FUNDS

Summary Overview

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

The debt service funds' primary sources of revenue are from transfers in from special revenue funds. These proceeds are used to meet the current year's debt service requirements.

Fund Descriptions

LIBRARY BOND FUND

The Library Bond Fund is used to accumulate monies for payment of the Revenue refunding bonds issued in 2021 (\$4,695,000), respectively, for the purpose of acquiring sites and erecting buildings, including furniture, fixtures and equipment, for the public libraries in the Parish.

SALES AND USE TAX DISTRICT NO. 1 SINKING AND RESERVE DEBT SERVICE FUNDS

The Sales and Use Tax Sinking and Reserve Debt Service Funds is used to accumulate monies for payment of the \$24.8 million capital improvement revenue bonds issued in 2017 for the construction of a new courthouse and renovations to the existing courthouse. This debt service fund is also used to accumulate monies for the payment of the \$10.3 million capital improvement revenue bonds issued in 2007 for renovations and additions to the Parish Prison and for the Revenue Refunding Bonds issued in 2015. The bond issues are financed through a dedication of Parish sales taxes.

EAST ASCENSION DRAINAGE SINKING AND RESERVE DEBT SERVICE FUNDS

The East Ascension Drainage Sinking and Reserve Debt Service Funds are used to accumulate monies for payment of the \$65.2 million public improvement refunding bonds issued in 2007 to fund drainage projects of the East Ascension Drainage District of the Parish and for the Revenue Refunding Bonds issued in 2015. The bond issue is financed through a dedication of drainage sales taxes and ad valorem taxes.

DEBT SERVICE FUNDS

SALES AND USE TAX DISTRICT NO. 2 SINKING DEBT SERVICE FUND

The Sales and Use Tax District No. 2 Sinking Debt Service Fund is used to accumulate monies for the payment of the \$25,000,000 bond issue in 2017 to fund the Move Ascension road construction projects. The bond issue is financed through a dedication of Parish sales taxes. The debt service reserve requirement is maintained through reserve fund insurance.

WEST ASCENSION DRAINAGE SINKING FUND

The West Ascension Drainage Sinking Fund is used to accumulate monies for payment of the \$450,000 Louisiana Limited Tax Revenue Bonds issued in 2015 to help fund construction of the new Public Works Building in Donaldsonville.

FIRE DISTRICT NO. 1 SINKING AND RESERVE DEBT SERVICE FUNDS

The Fire District No. 1 Reserve and Sinking Debt Service Funds are used to accumulate monies for payment of the \$1,725,000 sales tax revenue bonds issued in 2005, for the sales tax revenue refunding bonds in 2014, and for the partial refunding of bonds in 2020. In 2019, Fire District No. 1 issued \$5.39 million in bonds for the acquisition and construction of capital improvements, including renovations to existing fire stations and acquisition of equipment. The bond issues are financed through the dedication of Parish sales taxes.

ACUD #1 SINKING AND RESERVE DEBT SERVICE FUNDS

The ACUD No. 1 Sinking and Reserve Debt Service Funds are used to accumulate monies for payment of the \$402,500 water revenue bonds issued in 2004, the \$4,455,000 water utility revenue bonds issued in 2007 and for the water utility revenue refunding bonds issued in 2016, and the \$700,000 taxable water revenue bonds issued in 2010.

ASCENSION PARISH GOVERNMENT**State of Louisiana****DEBT SERVICE FUNDS****Legal Debt Limit**

State law allows a maximum debt limit equal to 35% of the total assessed valuation for the Parish. At December 31, 2024 (the last available property assessment for the Parish), the Parish's outstanding debt was at 6.5% of the legal debt limit, which was calculated at nearly \$1,207 billion. Below is the calculation of the legal debt margin of the Parish for the previous 10 years.

ASCENSION PARISH GOVERNMENT

State of Louisiana

ENTERPRISE / INTERNAL SERVICE FUNDS

Summary Overview

Enterprise and internal service funds are used to account for operations (1) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs and expenses, including depreciation, of providing goods or services to the public be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The primary difference between these two fund types is that the enterprise funds provide services to the general public and internal service funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government.

Enterprise Funds - The Parish considers ACUD #1, Utilities Fund (formerly ACUD #2), Parish Utilities of Ascension, and the Lamar Dixon Expo Center Fund as enterprise funds. Below is a summary of the major highlights of the overall enterprise funds 2026 operating budgets.

Revenues:

The revenue sources for the enterprise funds revenues are generated from user fees and franchise fees. The overall revenues are expected to increase approximately \$2,158,000. The increase in revenue is due to the increase in Capital Outlay grant funds for Parish Utilities of Ascension from the State for the design and construction of a new water plant.

Expenditures:

Overall expenses are projected to increase by \$2,556,500 in 2026. This increase in expenditures is for Lamar Dixon – Major Repairs – Non-capital for repairs to the buildings at Lamar Dixon as well as increase in Appropriations & Grants – Capital for Parish Utilities of Ascension for the design and construction of a new water plant.

Internal Service Funds - The Parish has three internal service funds which are projected to combine for a total operating deficit of \$694,500. These funds consist of the following:

- Self-insurance program for general and professional liability, workers' compensation and property insurance;
- Dental insurance benefits for Parish employees;
- Maintenance and preservation of Parish property

ENTERPRISE / INTERNAL SERVICE FUNDS

Fund Descriptions

ACUD #1 and UTILITIES FUND

ACUD #1 fund is used to account for water services to the citizens outside the city limits on the West Bank. The Utilities fund is used to account for the maintenance and operations of all parish owned sewer systems which provide waste water disposal for participating residents. In addition, the Utilities fund is used to account for water services to the citizens in the Darrow Community area.

LAMAR DIXON EXPO CENTER

The Lamar Dixon Expo Center Fund is used to account for the operations of the Lamar Dixon Expo Center which is a multi-use events facility used to provide entertainment to the community.

MAINTENANCE FUND

The Maintenance Fund is used to account for general maintenance of real property for the Parish governmental units from which funding is provided.

ASCENSION PARISH INSURANCE FUND

The Ascension Parish Insurance Fund is a partially self-insured program for general liability, property insurance, auto liability and workers compensation.

DENTAL INSURANCE FUND

The Dental Insurance Fund is a dental insurance program funded through payroll deductions, including a portion sponsored by the Parish, for its employees.

PARISH UTILITIES OF ASCENSION

In 2016, the Parish purchased a private water company on the West Bank. This fund is used to account for water services to the citizens inside the city limits on the West Bank.

CAPITAL PROJECT FUNDS

Summary Overview

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. All capital project funds are considered non-recurring capital expenditures since these funds are project driven, versus operating in nature. The Road Capital Project Funds and the East Ascension Drainage Capital Project Fund account for the Parish's most significant capital outlay projects projected for 2026.

The Parish has a capital outlay budget for 2026 in excess of \$162 million. These projects are being funded through grant proceeds previously issued bonds, and transportation impact fees. Below is a summary of the Capital Projects Funds.

Fund Descriptions

ROAD CONSTRUCTION FUND

The Road Construction Fund accounts for various road improvement projects including road widening projects, intersection improvements, constructing roundabouts for better flow of traffic, overlaying projects & joint projects with the State on major highways in the Parish.

MOVE ASCENSION

The Move Ascension Construction Fund is used to account for infrastructure improvements to move traffic within Ascension Parish. The infrastructure improvements include safety widenings, intersection improvements, and roundabouts. Some of the projects listed below are multi-year projects that may be bid in multiple phases which include: 1) clearing and grubbing and 2) construction.

INFRASTRUCTURE PROJECTS FUND

The Infrastructure Project Fund is used for road construction and improvements on the West Side of Ascension Parish.

LIGHTING DISTRICTS CONSTRUCTION FUND

The Lighting Districts Construction Fund is used to account for any new lighting projects to be done in specific lighting districts. The funding for these projects will come from the respective lighting district.

EAST ASCENSION DRAINAGE CONSTRUCTION FUND

The East Ascension Drainage Construction Fund is used to account for improvements to pumping stations, channel improvements, levee extension and restoration and basin improvement. A portion of East Ascension Drainage Fund balance will be used to fund the high maintenance costs of these improvements.

CAPITAL PROJECT FUNDS

WEST ASCENSION DRAINAGE CONSTRUCTION FUND

The West Ascension Drainage Construction fund is used to account for improvements to channel improvements, and restoration and basin improvement on the west bank. The funding for these major projects will come from federal grants.

JAIL CONSTRUCTION FUND

The Jail Construction Fund is used to account for improvements to the Ascension Parish Jail.

COURTHOUSE CONSTRUCTION FUND

The Courthouse Construction Fund is used to account for the completion of an additional court room.

OFFICE BUILDING CONSTRUCTION FUND

The Office Building Construction Fund is used to account for any new construction of Parish buildings or improvements to any existing Parish buildings.

ANIMAL SERVICES CONSTRUCTION FUND

The Animal Services Construction Fund is used to account for any renovations to the existing Animal Services buildings or any construction of a new Animal Services facility. The funding for this renovation/construction will come from the 1 mil dedicated Ad Valorem tax for Animal Services.

JUVENILE JUSTICE CONSTRUCTION FUND

The Juvenile Justice Construction Fund is used to account for the construction of an Early Childhood Development Center on the west bank. Once constructed, the ongoing maintenance of the project will be funded through a dedicated ad valorem tax in the Juvenile Justice Program Fund.

HEALTH UNIT CONSTRUCTION FUND

The Health Unit Construction Fund is used to account for the construction of any Health Unit projects. Once constructed, the ongoing maintenance of the projects will be funded through a dedicated ad valorem tax approved to finance the Ascension Parish Health Unit.

FIRE DISTRICT NO. 2 CONSTRUCTION FUND

The Fire District No. 2 Construction Fund is used to account for the construction of Fire Station facilities. Once constructed, the ongoing maintenance of the new fire station will be funded through a dedicated sales and use tax of one-third of one-half of one percent approved to finance the Fire Districts in the Parish.

FIRE DISTRICT NO. 1 CONSTRUCTION FUND

Fire District No. 1 Construction is used to account for the construction of Fire Station facilities. Once constructed, the ongoing maintenance of the new fire station will be funded through a dedicated sales and use tax of one-third of one-half of one percent approved to finance the Fire Districts in the Parish.

All taxes are billed when assessment rolls are filed during the month of November of the current tax year. Taxes become delinquent on January 1 of the following year. Penalty for delinquent taxes is 1% per month. No discounts are allowed for taxes, and there is no provision for partial payments.

The Sheriff, as provided by state law, is the official tax collector of general property taxes levied by the Parish and Parish special districts.

(1) Not included are the following:

Right of Way District parcel fees, Forestry District, Prairieville Community Fire Fee, Prairieville Residential Fire Fee, and Louisiana Tax Commission Fees. These represent isolated areas that affect less than a majority of Parish residents.

GLOSSARY/ACRONYMS

GLOSSARY

Accrual:	An individual entry that records revenue or expense without an actual cash transaction occurring.
Adjudicated Property:	Property that has been placed in State or local government hands because property taxes have not been paid. Louisiana law allows the governmental body to have jurisdiction over the property to sell the property.
Ad Valorem Taxes:	Taxes levied on an assessed valuation of real and/or personal property.
Amortize:	The payment of an obligation in a series of installments or transfers or the reduction of the value of an asset by prorating its cost over a period of years.
Appropriation:	A legislative authorization for expenditures for specific purposes within a specific time frame.
Assessed Value:	The value price placed on real and other property as a basis for levying taxes.
Asset:	Resources owned or held by a government which has monetary value.
Audit:	An independent inspection of an organization's financial records to determine accuracy and compliance with accepted accounting standards, regulations and laws.
Balanced Budget:	A budget in which expenditures do not exceed total available revenues and beginning fund balance.
Benefits:	Payments to which participants may be entitled under a pension or group insurance plan.
Bonds:	A certificate of debt issued by a government guaranteeing payment of the original investment plus interest by a specified future date.
Budget:	An annual financial plan showing projected costs and revenue over a specified time period.

GLOSSARY

Budgetary Basis:	Refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash or modified accrual.
Budgetary Control:	The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitation of available appropriations and available revenues.
Capital Improvements:	Projects which produce long-term assets such as roads, buildings, drainage facilities, and parks.
Capital Project Fund:	A fund used to account for the receipt and disbursement of resources designated for capital facilities, improvements and equipment.
Debt Service:	The payment of principal and interest on borrowed funds. The Parish has debt service for general obligation bonds.
Debt Service Fund:	A fund used to account for the monies set aside for the payment of interest and principal to holders of the Parish of Ascension's general obligation bonds.
Departments:	Subdivisions of the Parish of Ascension through which services are provided to the citizens. They are directly supervised by the Parish President.
Deficit:	A deficit occurs when expenditures exceeds revenues.
Encumbrance:	The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified expenditure.
Enterprise Fund:	A fund used to account for operations that are financed and operated in a manner similar to private business enterprises. These funds provide services to the general public.
Expenditures:	Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, and shared revenues.

GLOSSARY

Full-Time Equivalent:	A calculation used by employers to determine the number of full-time employees so that they can ensure compliance with employment laws according to employer size.
Fund:	A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.
Fund Balance:	The difference between fund assets and fund liabilities.
General Fund:	The general operating fund is used to account for all financial resources except those required to be accounted for in another fund.
Goal:	A statement of broad direction, purpose or intent based on the needs of the community.
Governmental Fund:	A fund used to account for operations that are supported by taxes collected by the government.
Intergovernmental Revenues:	Revenues from other governments in the form of operating grants, entitlements, shared revenues or payments in lieu of taxes.
Internal Service Fund:	A fund used to account for operations that are financed and operated in a manner similar to private business enterprises. These funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government.
Major Fund:	A major fund is determined by identifying any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the appropriated budget.
Millage:	The percentage of value that is used in calculating taxes. A mill is defined as 1/10 of 1 percent and is multiplied by the assessed value after any exemptions have been subtracted to calculate tax.

GLOSSARY
