TECHNICAL DATA SHEET: C-22 CLEANER

Product Overview

C-22 is a mild, everyday cleaner that is used to gently remove dirt and grime without leaving a film behind. For hard to remove materials such as oil, grease and grime use C-23.

Uses and Benefits

C-22 was developed as an everyday, economical cleaner safe for use on our entire coatings line.

Surface Preparation

Sweep up loose dirt and debris before beginning wet cleaning.

Mixing

Dilution of 1:1 may be required to avoid excessive foaming. Can be used in an auto scrubber at 1:1 dilution.

Application

Apply liberally to surface and agitate with soft bristle brush. Rinse with clean water.

* Dispose of material, containers, solvents, etc., per Federal, State and local guideline, rules and laws

The information here is general information to help our customers determine whether our products suit their specific applications. Our products are intended for sale to commercial and industrial customers. *We require that customers inspect and test our products before use to satisfy themselves as to the content and suitability for the applications they intend to use our products.* Nothing herein shall constitute any warranty expressed or implied, including any warranty of merchantability or fitness for a particular purpose, nor is any protection from any law or patent to be inferred. The exclusive remedy for all proven claims is the replacement of our materials, and we shall not be liable for incidental or consequential damages.
