Please note credit card donations will be subject to a ~4% fee.

Firm Foundation. Future Generations.

"For no one can lay a foundation other than that which is laid, which is Jesus Christ."

1 Corinthians 3:11

A Legacy of Growth, Only by God's Grace

The name **ACRES** is an acronym for **Attercliffe Canadian Reformed Elementary School**. Since opening its doors in September 1995 with just eight classrooms, ACRES has experienced steady growth as families have entrusted their children's education to our care.

As enrollment increased, the school expanded to meet the needs of our growing community. In 2014, three additional classrooms and a new library were added. Then, in 2018, we were blessed with a gymnasium and attached catering kitchen.

Today, with God's continued blessing, our current facility has reached full capacity. As we look ahead, we are excited to embark on the next chapter of ACRES' story—an expansion that will allow us to serve future students and families for years to come.

ACRES Capital Drive

This project is expected to cost approximately **\$3.4 million**. While this is a significant undertaking, we are confident that the God who has faithfully provided for us in the past will continue to bless this work according to His will.

Our desire is to complete this project with as little debt as possible, making it financially feasible for future generations to benefit from strong Christian education. To accomplish this, we are launching the **ACRES Capital Drive** and inviting every family and supporter to prayerfully consider how they may participate.

Expansion Details

This addition will include seven new classrooms and supporting facilities. This expansion will allow us to replace the existing portables with permanent classroom space while also providing the additional capacity needed to accommodate future growth. It is a long-term investment that will better serve students, staff, and families for many years to come.
