

Download the Latest Nerivio Android App

The latest version of the Nerivio Android app is temporarily unavailable on Google Play. While this issue is being resolved, Android users can download and install the application directly using the link below.

Download APK

https://nerivio30.s3.us-east-1.amazonaws.com/nerivio_production_7.30.0.8_280926_release.apk

Important note: The APK provided on this page is an official application published by Theranica and is safe to install.

Installation Instructions (Android)

How to Install the APK

1. Tap the **Download APK** link above.
2. Once the download is complete, open the APK file.
3. If prompted that installation from this source is not allowed:
 - Tap **Settings**.
 - Enable **Allow from this source** (or **Install unknown apps** → allow your browser/file manager).
4. Return to the APK and tap **Install**.
5. After installation is complete, open the Nerivio app normally.

Troubleshooting

If installation is blocked, users may need to:

- Open **Settings** → **Apps** → select their browser (Chrome, Samsung Internet, etc.).
- Enable **Install unknown apps / Allow from this source**.
- Retry the installation.
