

The Industry's Trusted Gateway to Cyber Insurance

What makes us stand apart is also what makes us the best.

INSUREtrust's primary focus since 1997 has been, and continues to be, **Cyber Insurance**. We are uniquely positioned in the marketplace, challenging the stigma of traditional wholesale broking with our passion for service and commitment to deliver proprietary market leading products, risk management services, and real solutions to our retail partners and their clients.

- Brokerage:** We simplify the procurement of cyber insurance by leveraging years of relationships and experience in the marketplace
- Product:** We create exclusive insurance solutions for challenging and non-traditional risks
- Risk Management:** We provide resources during the lifecycle of a cyber insurance policy to help clients proactively manage their cyber risk
- Education:** We develop content rich education to enhance our clients' cyber knowledge including one of the largest retail broker conferences in the U.S.
- Claims Support:** We arm our retail brokers with various claims advocacy resources to help supplement claims and cyber incident management knowledge
