

Marnco - New Zealand

Customer Terms and Conditions – Bag Collection Service

Overview

Marnco provides a bag collection service to support environmental sustainability and meet obligations under New Zealand's **Waste Minimisation Act 2008**. Fertiliser bags are recognised as a *priority product* and will be managed under a national product stewardship scheme once operational.

By using this service, customers agree to the following terms:

1. Drop-Off Locations

Collection bins are available at:

- Marnco Taranaki
- Kenrich – Invercargill
- Hiltons – Timaru
- Marnco Ashburton

2. Accepted Items

- Only fertiliser bags purchased from Marnco.
- Bags must be completely empty before arrival.

3. Restrictions

- Bags must not be shaken out at the collection site.
- Bags do not need washing, but they must be free from fertiliser, soil, or other contaminants.
- General rubbish, contaminated bags, or packaging not supplied by Marnco are not accepted.

4. Service Limitations

- Collected bags are stored or disposed of responsibly until a verified recycling service is available.
- While Marnco can currently only accept its own fertiliser bags, it is working with **Agrecovery** and industry partners to establish a system that will allow collection of all bulk fertiliser bags in the future.
- Marnco reserves the right to suspend or amend this service at any time.

5. Compliance

This service supports Marnco's compliance with the Waste Minimisation Act 2008 and the declaration of farm plastics as a priority product. Data on bag collections will be monitored and reported to ensure progress toward stewardship goals.

6. Contact

For more information, please contact your local site manager or email **hello@marnco.co.nz**.
