Local fire history

1. What I notice

Look at the **fire history** layer for our local area on the Digital twin map.

Write down 3 **things** you notice about the fire history in your area.

- 1.
- 2.
- 3.

2. What I wonder

After exploring the fire history map, what are some **questions** you have?

Write down 2 **things** you wonder about the fires in your area:

- 1.
- 2.

3. Compare fire types

- Identify if the fires in your area were **bushfires, fuel reduction burns or ecological burns**.
- How do you think these fires have affected the local environment?
- Have you seen any evidence of these fires' effects?

4. Reflections

Why is it important to study fire history in your local area?
