

(NAME)

Congratulations on joining NABSA and our worldwide family of blokart sailors. You will be issued a permanent sail # that will identify you as a NABSA member. The sail # is issued to the sailor, not the kart, so the # can be transferred from kart to kart if you change karts over the long run or if you damage your kart and have to borrow another, your # will identify you.

Your NABSA # is Other (NAME) Family #s Other (NAME) Family #s

Your Sail #. will be displayed as follows: All letters and # will be of a Matching Solid Color, and easy to read at a great distance. Simple Block type Letters and Numbers ONLY. Placed as high up as size will allow, (but not in the top panel) and must be parallel to a batten pocket. They must be placed on the starboard side (not blokart logo side). Use either Black or White depending on sail color.

USA 2

CAN 02

MEX 2

The USA (for the country represented) will be capital letters from 6 to 9 inches tall (size of letter depends on size of sail) approximately 5/8 of an inch or more apart, placed on the left side of the numbers. You may also put your sail number on your Pod.

To race at Ivanpah you must have sail numbers on your sail.

Your # will be 9 to 12 inches tall (size depends on size of sail) multiple numbers approximately 1 inch or more apart and 1-1/4 inches or more from the letters. Whatever looks best on the size of sail you have.

3oz Dacron (polyester) sticky back letters & numbers work the best. *Vinyl letters from local art store, sign shop will not stay on a Dacron sail once you start sailing.*

Sail Makers Supply has the insignia cloth available by the yard. [Sticky Back Insignia Cloth](#)

PRE CUT SAIL NUMBER

West Marine sells set of precut 9" & 12" block numbers and letter that can be modified to make any number or letter combination. [West Marine 9"- 12" Sail Numbers](#)

West Coast Sailing DIGITAL NUMBERS. The number 8 can be altered to make any block number or letter and is the cheapest option. [West Coast Sailing](#)
