

STYLISH
STORAGE SOLUTIONS

OUR STORY

Founded in 1973, Melvin began building “little red barns” in his backyard on weekends. As demand grew, he quit his day job and spent his days building sheds with customer service and quality being his goal. Today our goal remains the same; building unique and stylishly designed sheds, never sacrificing quality for price, and always providing great customer service.

THE DIFFERENCE

COMPARE OUR QUALITY MATERIALS

- Heavy Floors:
4x6 Treated Skids (not 4x4)
2x6 T&G Treated Plank Floors (never plywood)
- Sidewall:
Premium Grade 2x4 Framing on 16" Centers
5/8" Duratemp Siding (not 1/2")
- Roof:
5/8" Plywood Roof Sheathing (not 1/2")
Shingled or Metal Roof

DETAILS

It is all in the details. Our sheds are not only designed to provide storage, but also to add beauty and style to your home & backyard. Choose between many different options to personalize your shed, or talk to us about our customization options as well! Start designing your shed today.

DESIGN

1 DETERMINE SIZING AND DELIVERY OPTIONS

Measure the space in your yard, determine what size is perfect for you, and then decide which of the delivery options shown below works best for you. We are always more than happy to help you determine whether it can be delivered completely assembled, or if it needs to be built on site.

complete delivery with shed mule

on-site construction

2 CHOOSE YOUR STYLE

3 CHOOSE YOUR SIDING

Choose between 2 different siding options. See below for more information on both styles.

Roseburg DuraTemp siding is our most popular siding and comes with a 50 year warranty against rot and decay. DuraTemp is a wood siding with less maintenance. All of our sheds are priced with this siding.

Roseburg
DuraTemp®
Real Wood Siding

Although all of our buildings are priced as having DuraTemp siding, we also have the option of upgrading to Vinyl Siding. We use ProVia HeartTech Vinyl Siding. Vinyl siding is virtually maintenance free.

ProVia®
THE PROFESSIONAL WAY

4 FINAL DETAILS. . . MAKE IT YOURS

Decide on the final details such as paint colors, roofing material & color, door styles, accessories, and much more!

It's all in the details. . .

Our sheds are not only designed to provide storage, but to also add beauty and appeal to your home or property. See below for index on accessories and options.

CHICKEN COOPS

For more information, ask for our Chicken Coop brochure which shows more options and features such as colors, sizing, and more!

SIDE SHEDS

If you are needing a small space for extra storage and would like for it to blend in with an existing structure, our Side Shed is perfect for you!

Our Side Sheds are free standing and portable, but we can set them up against your house or existing structure as if they are attached!
