

Proteja su inversión con un Contrato de Servicio del Vehículo.

Ofrecemos una gran variedad de niveles de cobertura, opciones y plazos, todos ellos con grandes ventajas incluidas, para que le resulte fácil encontrar el plan adecuado a sus necesidades y presupuesto.

Todos nuestros planes son completamente transferibles, lo que añade un importante valor de reventa a su vehículo en caso de que también lo venda.

Escanea para obtener más información.

*Este folleto es sólo de referencia. Por favor refiérase a su Contrato de Servicio para listas completas de componentes/piezas, y detalles de cobertura para TODOS los planes, opciones y beneficios. Todos los contratos de Servicio de Garantía Rosemark son administrados exclusivamente por Rosemark Warranty Services.

BENEFICIOS ADICIONALES

SERVICIOS DE EMERGENCIA EN CARRETERA 24/7

Disponible sin coste alguno para remolque de hasta 40 km, arranque de batería, cambio de neumáticos, suministro de combustible* y servicios de cerrajería.

INTERRUPCIÓN DEL VIAJE

Reembolso de los gastos de manutención/alojamiento, hasta 90 \$ diarios durante un máximo de 3 días si se produce una avería mecánica cubierta a más de 160 km del domicilio.

VEHÍCULO DE ALQUILER

Reembolso de los gastos de alquiler del vehículo, hasta 50 \$ diarios por cada 8 horas (o parte de ellas) de mano de obra necesarias para completar la reparación, hasta un máximo de siete (7) días.

TARIFAS DE MANO DE OBRA COMPETITIVAS

Las tarifas de mano de obra se basan en el tiempo de All Data para reparar o sustituir un componente cubierto hasta 150 \$ por hora de mano de obra contabilizada.

COBERTURA NACIONAL

Acceso a una red de reparación autorizada en cualquier lugar de U.S.

*Usted es responsable del coste real de los materiales entregados. Todos los servicios están sujetos a límites máximos de reembolso. La cobertura puede no estar disponible en todos los estados. Pueden aplicarse restricciones y limitaciones. Servicios en carretera proporcionados por nuestro socio nacional.

Dallas, TX 75114

CONTRATO DE SERVICIO DE VEHÍCULOS

Cobertura hasta 96 meses

Asistencia en carretera 24/7

Reclamaciones rápidas y sencillas

Rosemark VSC

NIVELES DE COBERTURA

EXCLUSIONARIO

Esta protección de alto nivel incluye la cobertura de todos los componentes mecánicos o eléctricos instalados en fábrica, excepto los elementos enumerados en la sección de exclusiones* de su contrato. La cobertura también incluye todos los beneficios adicionales enumerados en el panel exterior de este folleto, además de los gastos de alquiler de coche, mano de obra, líquidos y diagnóstico.

*LOS ARTÍCULOS EXCLUIDOS INCLUYEN, PERO NO SE LIMITAN A: Mantenimiento, óxido, corrosión, reparaciones de carrocería, capotas descapotables, fugas, chirridos, traqueteos, daños causados por el sol, burletes, equalizadores gráficos, reproductores de DVD, reproductores de VHS, altavoces, equipos visuales y otros equipos electrónicos (incluidos los sistemas de juego), teléfonos, detectores de radar y equipos GPS (a menos que estén instalados de fábrica), y dispositivos electrónicos de transmisión/recepción, y todos los demás elementos no cubiertos por el fabricante original. Consulte su contrato para ver la lista completa de exclusiones.

COMPREHENSIVE

La MEJOR cobertura declarada disponible. Las piezas cubiertas incluyen, entre otras, todos los componentes enumerados en la Cobertura Powertrain Plus, además de los sistemas de audio e híbridos y los sistemas de entretenimiento y navegación instalados de fábrica.

POWERTRAIN & POWERTRAIN PLUS

*Fallo o avería: Un componente que ha recibido el servicio de fábrica recomendado pero que está roto o ya no puede funcionar dentro de los límites de servicio del fabricante. La cobertura expirará cuando su vehículo alcance las 150,000 millas indicadas en su odómetro o al vencimiento del término de este Contrato, lo que ocurra primero. Después de las 150.000 millas, los sellos y juntas estarán cubiertos sólo si se requieren junto con una reparación cubierta.

	POWERTRAIN	POWERTRAIN PLUS	COMPREHENSIVE	EXCLUSIONARIO
MOTOR DE GASOLINA All internal lubricated parts within the engine including pistons, piston rings, piston pins, crankshaft, main bearings, thrust washer, connecting rods, connecting rod bearings, camshaft, camshaft sprocket, camshaft bearings, timing belt/chain, timing chain guides, timing chain tensioner, push rods, rocker arms, rocker arm shafts, balance shaft, hydraulic lifters, solid lifters, intake valves, exhaust valves, valve guides, valve springs, valve spring retainer, valve keepers, valve stem seals, oil pump, silent shaft. Harmonic balancer; intake manifold; exhaust manifold; freeze plugs; throttle valve cable; engine mounts. Cases, housings, engine block, oil pan and cylinder heads are covered only if damaged by the failure of an internal lubricated part.				
MOTOR DE DIESEL All internal lubricated parts within the engine including pistons, piston rings, piston pins, crankshaft, main bearings, thrust washer, connecting rods, connecting rod bearings, camshaft, camshaft sprocket, camshaft bearings, timing chain, timing chain guides, timing chain tensioner, push rods, rocker arms, rocker arm shafts, balance shaft, hydraulic lifters, solid lifters, intake valves, exhaust valves, valve guides, valve springs, valve spring retainer, valve keepers, valve stem seals, oil pump, silent shaft. Harmonic balancer; intake manifold; exhaust manifold; vacuum pump; freeze plugs; EGR cooler; throttle valve cable; engine mounts; glow plugs. Engine block, oil pan and cylinder heads are covered only if damaged by the failure of an internal lubricated part.				
TURBOCARGADOR/SUPERCARGADOR (factory installed only) Turbocharger/Supercharger Housing and all internal lubricated parts.				
TRANSMISIÓN All internal lubricated parts within the transmission including torque converter, valve body, valve body shift solenoids, accumulator rings, accumulators, adjusters, bands, bearings, boost valve, center support chain, check balls, clips, clutch drums, clutch piston, clutch packs (automatic transmission only), control rings, counter shaft, detent valve, gears, governor, governor gear, output shaft, parking gear, planetary gears carrier, planetary gears, pressure regulator valve, pressure switches, ring gears, roll pins, separator plate, servo rings, servo sleeves, shift forks, shift shafts, shift valves, shifter shaft, snap rings, sprags, springs, sprockets, stator shaft, sun gear shell, sun gears, synchronizer hub, synchronizer key(s), synchronizer ring, synchronizer sleeves, synchronizer springs, synchronizer(s), transfer shaft. Transmission mounts; transmission mount bushings; drive axle shafts; constant velocity joints; flywheel/flex plate; transmission cooler; oil lines; detent cable; detent cam; detent cam spring; front pump; front pump gears; front pump guide rings; front pump vanes; range selector cable; retainers; side cover; vacuum modulator; external switches and solenoids; electronic controller; back up light switch; speed sensor; speedometer cable; neutral safety switch; auxiliary valve body; modulator valve; parking pawl; speedometer drive gear. Transmission cases, housings, and transmission oil pan are covered only if damaged by the failure of an internal lubricated part.				
CASO DE TRANSFERENCIA All internal lubricated parts within the transfer case including main shaft, output shafts, bearings, drive sprocket, synchronizers, planet carriers, shift forks, chain. Transfer case is covered only if damaged by the failure of an internal lubricated part.				
SISTEMA DE TRACCIÓN DELANTERA / TRASERA All internal lubricated parts within the drive axle/transaxle assembly including differentials, ring gear, pinion gear, pinion bearings, axle bearings, axle races, axle flange, carrier bearing, center bearings, differential carrier, drive axle bearings, pins, retainers, shims, side gears, slip joint, spider gears. Pinion flange; U joint; axle shafts; CV joints; drive axle; drive shaft; flex disc; half shafts; hub bearings; wheel bearings; yokes; lock ring; lock nuts. Drive axle housing is covered only if damaged by the failure of an internal lubricated part.				
SISTEMA DE TRACCIÓN A LAS CUATRO RUEDAS / TRACCIÓN TOTAL All internal lubricated parts within the drive axle/transaxle assembly including differentials, ring gear, pinion gear, pinion bearings, axle bearings, axle races, axle flange, carrier bearing, center bearings, differential carrier, drive axle bearings, pins, retainers, shims, side gears, slip joint, spider gears. Pinion flange; U joint; axle shafts; CV joints; drive axle; drive shaft; flex disc; half shafts; wheel bearings; yokes; lock ring; lock rings; Automatic locking hubs; manual locking hubs; hub bearings; four wheel drive actuator motor; front axles; front drive shaft; four wheel drive engagement switch. Drive axle housing is only covered if damaged by the failure of an internal lubricated part.				
JUNTAS Y RETENES Seals and Gaskets of covered components designed to prevent the loss of necessary coolants, lubricants and fluids are covered.				
AIRE ACONDICIONADO Y CALEFACCIÓN Heater core; blower motor; air conditioning compressor; air conditioning compressor clutch; air conditioning compressor pulley; air conditioning condenser; air conditioning evaporator; air conditioning receiver dryer; air conditioning orifice tube; air conditioning expansion valve; air conditioning power module, controller and relay; air conditioning and heating dash control unit/temperature control programmer; accumulator; heater control valve; high/low cut-off switches; cycling switch; idler pulley; idler pulley bearing; serpentine belt tensioner; electronic temperature control sensors; temperature sensor internal; ambient temperature sensor. Refrigerant only if needed in conjunction with the repair of a Covered Part.				
SISTEMA DE REFRIGERACIÓN Water pump; belt tensioners; radiator; oil cooler; cooling fan clutch; cooling fan electric motors; fan blade assembly; coolant reservoir sensor.				
SISTEMA DE COMBUSTIBLE DE GASOLINA Fuel sending unit; fuel pump; fuel injectors; fuel injection rails; fuel pressure regulator; metal fuel lines; throttle body; idle air control solenoid; idle air control motor; warm up regulator.				
SISTEMA DE COMBUSTIBLE DIESEL Fuel sending unit; fuel pump; high pressure fuel pump; lift pump; accessory vacuum pump and injector pump; fuel injectors; fuel distributor; fuel pressure regulator; fuel/water separator; metal fuel lines; throttle body; idle air control solenoid; idle air control motor; warm up regulator.				
ELECTRICO Alternator, voltage regulator; distributor (excludes cap, rotor and spark plug wires); distributor shaft; distributor bushings; distributor gear; distributor housing; horns; oil pressure sending unit; engine management sensors; ignition coil; ignition module; ignition switch; ignition lock cylinder; main electronic control unit; powertrain control module; transmission control module; body control module; anti-theft system; anti-theft system switches, sensors and siren; starter motor; starter solenoid; starter drive; convertible top engagement switch and motor only; cruise control module; cruise control switch; cruise control cancellation switch; cruise control resume switch; power door lock actuators; power door lock solenoids; primary instrument cluster; electronic driver information display, display module and power supply; power seat motor and transmission; seat heater assembly; brake light switch; defogger switch; rear defroster; headlight switch; power mirror switch; power mirror heating elements; sunroof switch; back up light switch; turn signal switch; washer pump switch; window switches; wiper switch; trunk lid release switch; trunk lid release activator and motor; washer pump motor; windshield wiper motor; rear wiper motor; power window motor; power window gear; power window regulator; power mirror motor; safety restraint system; air bag; air bag control module; air bag sensors and switches; impact sensors; illuminated visors.				
SUSPENSIÓN Upper and lower control arms; control arm shafts and bushings; radius arm and bushings; trailing arm; track bar; stabilizer shaft, links, and bushings; upper and lower ball joints; torsion bars; torsion bar mounts; torsion bar bushings; coil springs; leaf springs; steering knuckles; spindles; steering dampener; electronic height level sensor; electronic height level controller; electronic height level air compressor; compressor relay; mode switch; wheel bearings; wheel seals.				
FRENOS Brake master cylinder; brake power assist boosters; brake power assist valves; disc brake calipers; bleeders; brake adjusters; backing plates; brake pedal apply pin; wheel cylinders; combination valve; proportioning valve; metering valve; brake hydraulic lines and fittings; vacuum and fluid reservoirs; hydro boost unit; parking brake cable; pressure differential switch; brake fluid level sensor; residual pressure check valve; return spring; self-adjuster mechanism; springs clips and retainers; parking brake lever; parking brake ratchet assembly.				
SISTEMA ABS ABS booster; ABS pump/motor; ABS control processor; ABS dump valve; ABS sensors; ABS solenoids; ABS electronic control compressor; ABS hydraulic control unit; ABS modulator valve; ABS compensating valve; ABS accumulator.				
DIRECCIÓN Steering gear; rack and pinion; rack and pinion mounts and bushings; power steering pump; power steering hoses and couplings; power steering cooler; steering main and intermediate shafts; steering column; steering column bearings; steering column couplers; electronic power steering motor; steering box; pitman arm; idler arm; tie rods; drag link; tilt wheel mechanism; rack bellows; center link; control valve; relay rod.				
AUDIO, SISTEMA HÍBRIDO, SISTEMAS DE ENTRETENIMIENTO Y NAVEGACIÓN (Factory installed only) AM radios, AM/FM radios, satellite radios, antenna motor, cassette players, CD players, and CD changers (excluding speakers and Graphic equalizers), IMA control unit for battery; IMA control unit for electric motor; junction board assembly; IMA motor stator assembly; IMA motor rotor assembly; PDU unit(pre-driver); PDU converter. (Factory installed only) DVD players, VHS players, and navigation equipment.				
GASTOS DE ALQUILER, MANO DE OBRA, LÍQUIDOS Y DIAGNÓSTICO Up to \$50 per day for up to 7 days after a covered claim is opened. Labor rate is modified up to \$150 based on All Data time to repair or replace a covered component as part of an authorized repair. Up to \$200 fluid allowance for any covered repair including the applicable refrigerant. Up to 2 hours or \$200 diagnostics coverage (whichever is less).
