About Somabay

Somabay's location is ideally situated on the eastern shores of Egypt on the Red Sea coast just 20 minutes by car from Hurghada International Airport. Only a 4-hour flight from Central Europe, the ten million square meters, self-contained community of Somabay is surrounded with three sides of the sea. The resort location boasts some of the most beautiful sandy beaches of the Red Sea and panoramic views of desert mountains. Nestled on 10 million square meters of lush land, life at Somabay is where fantasy-scapes follow you wherever you go and sun-drenched activities take infinite elevating forms.

Things To do

kite House

Somabay is considered one of the three best spots for kitesurfing worldwide. And staying at The Breakers you are just in the middle of it: within 8 minutes our free shuttle bus brings you to the 7 Bft KiteHouse – one of the most beautiful and biggest kite stations of Egypt.

With a 2 km long sandy beach, perfect for smashing kite sessions, also the big shots of the kiting scene visit on a regular basis. You will find fantastic flat water conditions, aslant offshore wind and even with 8 Beaufort – which is really strong wind – the water is still like polished marble, laboratory conditions for everyone. And should you come in an awkward situation, the guys from the 7 Bft rescue service or the teaching boats are not far off to help you.

No wind? – No problem! There are also enough activities at the 7 Bft KiteHouse for those days.
