

BREAKING TRADES AFFILIATE PROGRAM

Earn Recurring Income Helping Others Win

 Love trading? Got an audience? Ready to make money while they do too?

Welcome to the **Breaking Trades Affiliate Program** — the easiest way to earn *real, recurring income* by referring people to our industry-leading trading robot.

How It Works:

1. **Join for FREE** — no fees, no commitments.
2. **Share your custom link** — online, in group chats, or on social media.
3. **Earn when they profit** —
 - When your referral makes money using our bot, we charge them **20% of their profits**.
 - **YOU earn 10% of that** — every time they win.
 - i. Keep in mind to join it is free, but to link an account that's when the affiliate sets up their payment for the commission we take, this gets collected from Breaking Trade directly and not Whop. That being said, Breaking Trades will pay you directly since on Whop no money was collected due to it being \$0 to start

 That means if they make \$10,000, we take \$2,000 — and you get **\$200**.
And it doesn't stop. As long as they keep using the bot and making money, you keep getting paid.

Want to Go Big?

Use social media to grow the Breaking Trades name — TikTok, IG, YouTube, wherever — and you'll earn **15% instead of 10%** on all profits from the traders you bring in, if you going to do this then email, services@breaking-trades.com.

It's Free. It's Recurring. It's Scalable.

Whether you want to casually refer a few friends or build your own affiliate empire, this is your chance.
