Service	Link	Description	Rating
<u>SecondOpinions.com</u>	<u>secondopinions.com</u>	AI-enhanced reviews for radiology, neurology, oncology, orthopedics; turnaround 2–5 days.	4.0/5.0

Additional Notes:

- Many services offer virtual or remote second opinions, expanding access beyond geographic limits.
- Some services are included as part of insurance benefits (e.g., WorldCare via Victor Insurance).
- Cleveland Clinic MyConsult® and 2nd.MD stand out for fast turnaround and high patient satisfaction.
- Costs vary: some services charge fees (e.g., Stanford Medicine), while others may be covered by insurance or employers.
- Mayo Clinic second opinions are available through WorldCare and their own network but were not listed as a direct consumer-facing service in this table.
- Most premier medical centers offer second opinions but may not do so online. Search for the source you need referencing US News Health Rankings [Link](#)

This consolidated list provides a broad overview of reputable second opinion providers to help patients find expert, timely, and accessible medical reviews.
