Advanced Masterclass in Non-Surgical Facial Sculpting

Discover the Art of Non-Surgical Perfection

The Advanced Masterclass in Non-Surgical Facial Sculpting is a high-level training program designed for experienced aesthetic practitioners who want to master the art of creating model and pageant-ready facial results. This 3-day hands-on course covers advanced techniques in midface enhancement, jawline contouring, and full-face harmonization using fillers, threads, and combination treatments. Participants will gain expert knowledge, live demo insights, and practical skills to deliver glamorous, camera-ready transformations with precision and safety.

Event Highlights:

- Advanced Midface Techniques
- Jawline & Chin Perfection (Filler + Threads Combo)
- Full-Face Harmonization Strategies
- Live Demos + Hands-On Practice
- Safe & Effective Techniques for Glamorous Results
- Business Growth & Client Retention Tools

Who Should Attend?

- Aesthetic doctors, nurses, and practitioners with prior injectable experience
- Professionals seeking next-level mastery in facial contouring
- Clinics targeting high-end model/pageant clientele
