# INTERNATIONAL EDUCATION BOARD DEPARTMENT OF AESTHETIC MEDICINE AND SURGERY (IEBDAMS), UK

## BANGLADESH INTERNATIONAL ADVANCED MASTERCLASS

# First Edition: Facial Aesthetics & Regenerative Medicine

| EDITION | DATES | LOCATION |
|---|---|---|
| Dhaka | 10–12 December 2026 | Dhaka, Bangladesh |
| Chittagong | 14–16 December 2026 | Chittagong, Bangladesh |

### International faculty and clinical delivery

Academic guidance and mentorship by international trainers from **India, Egypt and the Philippines**. Local appropriately licensed **Bangladeshi doctor-trainers** conduct clinical injections and supervise eligible participants, subject to applicable permissions.

### Three-day scientific programme

### DAY 1 — ADVANCED FACIAL INJECTABLES

| TIME | SESSION |
|---|---|
| 09:00–10:15 | Advanced facial anatomy, danger zones, facial assessment and vascular safety |
| 10:15–11:30 | Botulinum toxin: advanced upper/lower face indications and individualized planning |
| 11:45–13:00 | HA dermal fillers: lips, midface, chin, jawline and full-face harmonization |
| 14:00–16:30 | Faculty demonstration, anatomical-model simulation and authorized clinical practical track |
| 16:30–17:00 | Case discussion and assessment |

### DAY 2 — REGENERATIVE MEDICINE & BIOSTIMULATION

| TIME | SESSION |
|---|---|
| 09:00–10:30 | PLLA and CaHA biostimulators: evidence, indications and patient selection |
| 10:45–12:00 | Autologous biofillers and plasma gel: principles, limitations and safety |
| 12:00–13:00 | Skin boosters, polynucleotides, PRP and PRF |
| 14:00–16:30 | Model-based practicals, clinical demonstrations and authorized supervised practice |
| 16:30–17:00 | Protocol discussion and assessment |

## DAY 3 — THREAD LIFTING & COMBINATION PROTOCOLS

| TIME | SESSION |
|---|---|
| 09:00–10:30 | PDO, PLLA and PCL threads: types, vectors and patient selection |
| 10:45–12:00 | Facial lifting, tissue support and realistic outcome planning |
| 12:00–13:00 | Combination sequencing: toxins, fillers, threads and biostimulators |
| 14:00–16:00 | Thread simulation and authorized clinical practical track |
| 16:00–17:00 | Case presentations, final assessment and closing |

## Training packages

| PACKAGE | FEE | INCLUSIONS |
|---|---|---|
| Anatomical model training | USD 750 | Scientific sessions, demonstrations, model-based practicals, workbook and assessment |
| Clinical hands-on training | USD 1,200 | All USD 750 inclusions plus supervised patient-based practical training where authorized |

## Final Certification Titles

### Post-Licensure Diploma in Facial Aesthetics

### Post-Licensure Diploma in Regenerative Medicine

Issuing department: International Education Board - Department of Aesthetic Medicine and Surgery (IEBDAMS), UK.

Award of each diploma is subject to completion of its defined curriculum, required learning hours, competency assessments and applicable approvals.

The three-day masterclass alone does not confer a medical licence or specialist status.

Clinical practice requires local authorization, eligibility, consent and supervision.
