

CCC® QUICK VALUATION DOCUMENTATION

CCC will provide CUSTOMER with, or with access to, the CCC® Quick Valuation Services, which include:

Quick Valuation – Stand Alone Application	A consumer facing mobile application with the purpose of photo/video and vehicle's option submission. Upon availability Build Sheet Option Data for such damaged vehicles will be provided to the user to assist in option selection but may be edited by the user.
Quick Valuation – Mobile Modules	Within applicable CCC Mobile applications, if a Smart Total Loss or Multi Photo Smart Total Loss recommendation indicates that the damaged vehicle is likely totaled, the mobile user will be prompted to take additional photos of the damaged vehicle and provide the vehicle's option information. Upon availability Build Sheet Option Data for such damaged vehicles will be provided to the user to assist in option selection but may be edited by the user.
Quick Valuation – RF	Ability to have Repair Facilities share vehicle photos and vehicle's option information with customer.
