

## STERISOL ÄKTA Liquid Soap

### Properties

---

Sterisol ÄKTA is a unique and effective liquid soap made from as much as 95% natural ingredients. The product combines high hygienic performance with gentle, replenishing fatty acids that help maintain the skin's softness.

The soap has a reliably documented effect according to the EU standard EN 1499 and has been shown in independent tests to remove 99.9% of microorganisms. ÄKTA liquid soap contains no preservatives, is free from colorants, and has a pH value of approximately 9.

### Field of Application

---

ÄKTA liquid soap is the natural choice for operations that require a combination of high hygienic efficiency and natural skin care. Thanks to its documented effectiveness against microorganisms and its replenishing properties, the soap is particularly suitable in environments where bacteria-reducing handwashing is essential without compromising the skin's natural softness.

To ensure the product's high quality and optimal performance, it should be stored and used in environments with a temperature between 15–25 °C.

For optimal functionality and leak-free use, the product should be used together with the designated dispenser.

## Parfum

Packaging	Art. no	No. in ctn	No. Ctn/pallet	No. on pallet	EAN-code	Packaging/litre of product
0,375 l	4883	12	96	1152	7392173048839	110 grams

## Tests

ÄKTA liquid soap has been approved according to the EU Standard EN1499, in which it was shown to remove 99.9% of the tested microorganisms. Dermatologically tested with excellent results and Allergy Certified.

## Environment

ÄKTA liquid soap is **Nordic Swan Ecolabel** certified and based on readily biodegradable raw materials. The system is designed for minimal resource consumption: a 700 ml pouch requires only 11 g of plastic, representing more than an **80% reduction** compared to a traditional bottle (70 g). With a discharge rate of up to 99%, both product waste and overall waste volume are minimized.

## Ingredients

Aqua, MEA-Cocoate, Sodium, Coco-amphoacetate, Lauroyl/Myristoyl/Methyl Glucamide, Coco-Betaine, Glycerin, C12-13 Alkyl Lactate, Tetrasodium Glutamate Diacetate, Parfum (fragranced version only).

**Sterisol System** is designed to ensure the highest level of hygiene and minimal waste. Our dispensers are easy to install, simple to keep clean, and compatible with all products in our range. The system guarantees completely airtight storage of the contents right up until use.

## How to use

- 1.** Wet your hands with lukewarm water.
- 2.** Dispense soap and massage thoroughly until a lather forms. Be sure to cover fingertips and spaces between fingers.
- 3.** Rub your palms together.
- 4.** Rub the back of each hand with the opposite palm.
- 5.** Rub your palms together with fingers interlaced.
- 6.** Rub the backs of your fingers against the opposite palms.
- 7.** Rub each thumb in a circular motion with the opposite palm.
- 8.** Rub the finger tips in circles against the opposite palm.
- 9.** Rinse your hands with lukewarm water.
- 10.** Dry your hands thoroughly with a paper towel.
- 11.** Use the towel to turn off the tap.
- 12.** Your hands are now clean!

To ensure the system's unique hygiene benefits and leak-proof performance, Sterisol ÄKTA should always be used with the corresponding dispenser from the Sterisol System.
