

STERISOL ORIGINAL Hand Cleanser

Properties

ORIGINAL Hand Cleanser is a gentle hand cleanser for heavy-duty soiling, based on synthetic surfactants. The product has been developed to effectively clean heavily soiled hands without the use of abrasives or solvents.

The product is available in several packaging formats, both fragranced and fragrance-free. It is free from preservatives and colourants and contains carefully selected raw materials. The pH value is approximately 6.5–7.0.

Fields of Application

ORIGINAL Hand Cleanser is suitable for work environments where hands are exposed to heavy soiling and need to be cleaned gently. As the product contains no abrasives, it is a mild alternative that can advantageously be tested before choosing a more abrasive hand cleanser.

For best results, apply the product to dry hands before adding water. The packaging should be used with the intended dispenser to prevent leakage.

Parfum

Packaging	Art. no	No. in ctn	No. Ctn/pallet	No. on pallet	EAN-code	Packaging/litre of product
0,7 l	4481	12	72	868	7392173044817	70 grams

Environment

ORIGINAL Hand Cleanser is **Nordic Swan Ecolabel** certified and based on readily biodegradable raw materials. The system is designed for minimal resource consumption: a 700 ml pouch requires only 11 g of plastic, representing more than an **80% reduction** compared to a traditional bottle (70 g). With a discharge rate of up to 99%, both product waste and overall waste volume are minimized.

Ingredients

Aqua, Sodium Laureth Sulfate, PEG-7 Glyceryl Cocoate, Decyl Glucoside, PEG-4 Rapeseedamide, Glycereth-17 Cocoate, Cocamidopropyl Betaine, Sodium Chloride, Parfum (fragranced version only), Citric Acid.

Sterisol System is designed to ensure the highest level of hygiene and minimal waste. Our dispensers are easy to install, simple to keep clean, and compatible with all products in our range. The system guarantees completely airtight storage of the contents right up until use.

How to use

1. Apply the product to dry skin.
2. Rub hands together until the dirt begins to loosen.
3. Add a small amount of water and continue rubbing.
4. Rinse thoroughly with plenty of water.
5. Dry hands with a paper towel.

To ensure the system's unique hygiene benefits and leak-proof performance, Sterisol ORIGINAL should always be used with the corresponding dispenser from the Sterisol System.
