

STERISOL SUPER Hand Cleanser

Properties

SUPER Hand Cleanser is an effective yet gentle hand cleanser for hands exposed to demanding soils. The product provides deep cleaning without disrupting the skin's normal barrier function.

The formula contains vegetable oils that help dissolve dirt while replenishing the skin's lipids. Corn is used as a friction agent, providing a mechanical cleaning effect against stubborn soils.

89% of the content is of natural origin, calculated according to the Natural Origin Index from ISO 16128. The product is available in both fragranced and fragrance-free versions. It is free from preservatives, colourants and solvents.

Fields of Application

SUPER Hand Cleanser has been developed for dirty and demanding work environments where hands are frequently exposed to dry, greasy or ingrained dirt. It is particularly suitable for industries such as manufacturing, workshops, service and maintenance, as well as other professional settings where hands need to be cleaned effectively throughout the working day.

The friction agent consists of recycled corn, allowing residual material to be repurposed and given a new function in the product. This is a resource-efficient material choice that helps reduce waste and lower the climate footprint, while maintaining the product's high cleaning performance.

The 2.5-litre packs should be used with the intended dispenser to prevent leakage.

Sterisol System is designed to ensure the highest level of hygiene and minimal waste. Our dispensers are easy to install, simple to keep clean, and compatible with all products in our range. The system guarantees completely airtight storage of the contents right up until use.

Tests

Customer satisfaction tests carried out at end-user sites showed very positive results. Customer trials were conducted between May and June 2018, with 95.4% of respondents rating the product as good or very good.

Environment

Low packaging weight. A 2,500 ml pouch contains only 34 grams of plastic material. With an emptying rate of approximately 99%, waste is reduced.

Ingredients (3486, 3485)

Aqua, Sodium Laureth Sulfate, PEG-4 Rapeseed-amide, Zea Mays Cob Powder, Decyl Glucoside, C12-13 Alkyl Lactate, C12-15 Alkyl Benzoate, Cetearyl Ethylhexanoate, Canola Oil, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Capryl/Capramidopropyl Betaine, Parfum (fragranced version only), Sclerotium Gum, Sodium Hydroxide, Acacia Gum, Xanthan Gum, Isopropyl Myristate.

Ingredients (4480)

Aqua, Sodium Laureth Sulfate, PEG-4 Rapeseed-amide, Zea Mays Cob Powder, Decyl Glucoside, C12-13 Alkyl Lactate, C12-15 Alkyl Benzoate, Cetearyl Ethylhexanoate, Canola Oil, Phenoxyethanol, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Sodium Hydroxide, Capryl/Capramidopropyl Betaine, Sclerotium Gum, Parfum, Methylparaben, Isopropyl Myristate, Acacia Senegal Gum, Xanthan Gum, Tetrasodium Glutamate Diacetate, Propylparaben, 2-Bromo-2-Nitropropane-1,3-Diol.

How to use

1. Apply the product to dry skin.
2. Rub hands together until the dirt begins to loosen.
3. Add a small amount of water and continue rubbing.
4. Rinse thoroughly with plenty of water.
5. Dry hands with a paper towel.

To ensure the system's unique hygiene benefits and leak-proof performance, Sterisol SUPER should always be used with the corresponding dispenser from the Sterisol System.
