

Sterisol System Dispenser 2,5 l

Properties

Sterisol Dispenser 2.5 L has been developed for Sterisol's 2.5-litre packs and is suitable for convenient dispensing of soap, shower gel, shampoo and hand cleanser in professional environments.

The dispenser has a transparent cover, making it easy to see when the refill pouch needs to be replaced. It is durable, easy to clean and designed to last, even in environments where products are used frequently.

The dispenser can be washed in a dishwasher for convenient cleaning and requires minimal maintenance. It is available in two versions:

- **3551 - white**
- **3552 - black**

Field of Application

Sterisol Dispenser 2.5 L is suitable for environments where a hygienic, practical and reliable solution is needed for dispensing skin care products in the Sterisol System. It is particularly suitable for professional environments with high standards of cleanliness, functionality and user-friendliness.

The dispenser can be used with Sterisol's 2.5-litre products. Its robust construction makes it well suited to workplaces with high consumption, such as industry, healthcare, food handling, schools, swimming pools, washrooms and other public or professional environments.
