

Sterisol Ecoline Dispenser 0,375 l

Properties

Sterisol Ecoline Dispenser is a stylish and sustainable dispenser designed for Sterisol's 0.375-litre refill pouches. The dispenser has a modern, compact design that is well suited to offices, washrooms and other public facilities.

The Ecoline dispenser is made from recycled plastic and is easy to use, clean and maintain. The airtight pouch protects the contents and supports hygienic dispensing, while the high emptying rate helps reduce product waste.

The dispenser is available in three versions with clear front labelling:

- **1551 – Soap**
- **1554 – Creme**
- **1540 – Shower**

Field of Application

Sterisol Ecoline Dispenser is suitable for professional environments where a hygienic, easy-to-use and discreet dispensing solution is needed for daily skin care and hand hygiene.

The dispenser is particularly suitable for environments where design, functionality and ease of use are important, such as offices, washrooms, public facilities, changing rooms, hygiene areas and other places where products need to be readily accessible.

The different dispenser versions make it easy to adapt the solution to the product and area of use, such as soap, skin cream or shower products.
