

Sterisol Sweden Shower & Shampoo

Properties

Sterisol Sweden Shower & Shampoo is a mild shower gel and shampoo for the whole body. The product cleanses effectively, produces a pleasant lather and also has conditioning properties for the hair.

It is mildly fragranced and can be used in both hard water and salt water. The product is available in several mobile formats, making it easy to place and use in different environments. The pH value is approximately 5.

Fields of Application

Sterisol Sweden Shower & Shampoo is a good choice for workplaces and facilities that want to offer a mild and practical product for both showering and hair washing. It is particularly suitable for environments with open, refillable dispensers.

The product is suitable for many types of industrial environments in the Nordic countries, such as manufacturing, the food industry and pulp production, where there is a strong need for effective and convenient cleansing.

Environment

Sterisol Sweden Shower & Shampoo is Nordic Swan Ecolabelled and based on readily biodegradable raw materials.

Ingredients

Aqua, Sodium Laureth Sulfate, Glycereth-2 Cocoate, Sodium Cocoamphoacetate, Glycerin, Sodium Chloride, Citric Acid, Parfum, Capryl/Capramidopropyl Betaine, Phenoxyethanol, Dioleoylethyl Hydroxyethylmonium Methosulfate, Propylene Glycol, Benzoic Acid, Dehydroacetic Acid.

How to use

To help maintain a strong skin barrier and prevent dryness, a shower temperature close to body temperature, approximately 37°C, is recommended. A short shower of just a few minutes is sufficient for effective cleansing. Finish with cooler water to help the skin recover and preserve its natural moisture balance.

1. Wet hair and body thoroughly with water.
2. Turn off the water and massage the product into both hair and skin.
3. Rinse thoroughly to remove all shower product, leaving the skin and hair clean and soft.
