

DESIGNED FOR RADIOLOGISTS WORKING AT HOME

RedRick ErgoHome Series

More radiologists are working remotely and are discovering that the same ergonomic workplace challenges they experienced in the reading room are present in their home office.

HOME OFFICE CHALLENGES

- Maintain concentration and productivity
- Avoid fatigue
- Eliminate discomfort and injury from long hours at a multi-monitor workstation
- Find an ergonomic workstation solution suitable for home yet robust enough to manage a multi monitor PACS

ErgoHome BENEFITS

- Effortless sit/stand and monitor adjustments facilitate frequent changing of position; Reducing fatigue and the risk of repetitive stress injuries
- Monitor adjustments that are independent of an unbroken work surface that maximizes user workspace
- Attractive aesthetics and compact design
- Superior cable and CPU management to keep your workspace uncluttered
- A variety of available accessories to improve lighting, comfort, and convenience

"RedRick provided a PACS workstation that provides both excellent ergonomics and the ability to reposition the monitors to provide a large multipurpose desk space ideal for my requirements in my home office. I spent over a year looking for alternatives and kept coming back to RedRick, which succeeds in fulfilling all my requirements."

DR. JOSH BURRILL
Interventional Radiology Lead. Royal Columbian Hospital

RedRick ErgoHome-PRO STANDARD FEATURES

"As someone who often reads remotely, having an ergonomic PACS workstation in my home office helps me remain productive and focused throughout the day and has helped me learn good ergonomic workplace habits that reduce the risk of repetitive stress injuries."

ELIZABETH CALZONETTI MD FRCP
Staff Radiologist, Joseph Brant Hospital

5 YEAR WARRANTY

1 HEIGHT-ADJUSTABLE WORK SURFACE

- Touch control operation
- Motorized height adjustment from 24" to 49.5"
- 300 lbs lifting capacity
- High pressure laminate top featuring an ergonomically contoured, molded urethane front edge
- Standard dimensions are 36" D x 72" W

2 BUILT-IN WIRELESS CHARGING PAD

- Integrated into the desktop
- Compatible with all Qi enabled devices

3 DESKTOP USB TERMINAL

- A built-in, desktop USB terminal includes 3 USB extensions to any hosted device

4 DESKTOP POWER HUB

- A mounted power hub includes 1 120V outlet and 2 USB charging ports

5 COMFORTVIEW MONITOR MOUNT

- 12" of motorized height adjustment with touch control
- Effortless focal depth adjustment of entire monitor array (even with heavy diagnostics)
- Can host large (30"+) dual-display diagnostic monitors* (without sacrificing ease of use)

*See page 4 for additional details

6 CABLE MANAGEMENT

- Includes cabling pathways, excess cable management, and onboard power outlets, which keeps the workstation neat and clutter free
- Includes a CPU holder, which manages the CPU tower and cabling neatly under the work surface (no messy cables from the work surface down to the floor)

7 AMBIENT LIGHT

- Dimmable ambient back lighting included
- Helps to reduce eye strain, which can cause headaches and visual fatigue throughout the day
- Can be adjusted between 465nm blue and 5k white

MONITOR COMPATIBILITY OVERVIEW

Hosts up to 4 monitors in a balanced configuration

- Designed to host diagnostic monitors in the center (positions 2 and 3)
- Maximum capacity of 85 lbs, total
- Accepts monitors that are VESA 75 or 100 compliant

Includes a heavy-duty mounting bracket for large, double-wide diagnostic monitors

- Accepts VESA 100 compatible monitors

Outside monitors are hosted on pivoting "swing arms", which allow for easy, toolless adjustment of the monitor array's curve

- Weight of outside monitors should not exceed 15 lbs each (positions 1 and 4)

ADDITIONAL ACCESSORIES AVAILABLE

CPU HOLDER

MINI PC HOLDER

ANTI-FATIGUE STANDING MAT

- Prevents leg, foot, and lower back discomfort
- 20" x 48"

LED DIMMABLE TASK LIGHT

- Dimmable between white (brightest) and red (lowest)
- Weighted base and 18" adjustable gooseneck

CASTERS (PRO ONLY)

DESKTOP HUB

- Includes two (2) USB charging ports and (1) 110V outlet
- Can be mounted anywhere along the work surface edge

PENCIL DRAWER

- 8" x 14"

FOOTREST (PRO ONLY)

- Mounts to workstation foot
- Pivots to accommodate user preference
