Medford, OR History and Profile

Medford, Oregon - Medford is a vibrant city located in Southern Oregon, known for its unique blend of natural beauty, cultural richness, and economic vitality. It serves as the county seat of Jackson County and is the fourth largest metropolitan area in Oregon. The city is renowned for its picturesque landscapes, including the nearby Rogue River and the Siskiyou and Cascade mountain ranges, which offer a plethora of outdoor activities such as fishing, hiking, and rafting.

Economically, Medford has a diverse base, with healthcare, retail, and manufacturing being significant contributors. The city is home to the Rogue Valley Medical Center and Providence Medford Medical Center, which are major employers in the region. The retail sector has performed increasingly well, anchored by the Rogue Valley Mall, the expanding Northgate Center, and the award-winning Medford Center.

The City has a strong sense of community as well as a diverse economy. Within a 15 minute drive, the Rogue Valley International-Medford Airport is the regional air travel hub for all of Southern Oregon, with well over 1M annual travelers. Breathtaking outdoor recreational activities are moments away; Upper and Lower Table Rock, the Rogue River, dozens of lakes, as well as the Crater Lake National Park are all within an easy drive.

Overall, Medford is a city that blends its historical roots with a forward-looking perspective, making it a desirable destination for businesses and residents alike.

Why Southern Oregon?

Southern Oregon, largely encompassing Jackson and Josephine Counties, is a world-class gem hiding in plain sight. Anchored by its mild Mediterranean climate, the area boasts the winning combination of being both strategically located between Portland and San Francisco, and having forward-thinking municipal leadership. This combination drives strong economic growth and has created a long runway for development across all asset classes.

Southern Oregon is a gateway to the entirety of the West Coast, via Interstate 5, North through Eugene, Salem, Portland, and Washington State, and South, through Redding, San Francisco, and down to Los Angeles. The local transportation system connects the most populated cities in the region of Medford, Ashland, and Grants Pass, and has dedicated highways Northeast to Bend and West to the Oregon Coast.

Multiple billion-dollar companies call Southern Oregon home, such as Lithia Motors (NYSE: LAD), Asante Health Systems, Harry & David (NYSE: FLWS), Pacific Retirement Services, and countless small and mid-sized businesses.

Historically, the area's economy was mainly driven by the timber and agricultural industries. In the past few decades, the area has become a healthcare hub, and has a diverse economy supported by the industrial, manufacturing, logistics, retail, senior/retirement living, and finance/professional sectors. Timber and agriculture still play a role, with Timber Products and Roseburg Forest Products' main facilities located nearby.

A burgeoning golf destination, the area has numerous renowned golf courses, and several other famous courses are within a short drive (Bandon Dunes, Pacific Dunes, Pronghorn Resort). Over 8 casinos are within a 6-hour drive, including Seven Feathers, Three Rivers, Elk Valley, and others.

Strategic, Central Location

Southern Oregon is perfectly positioned nearly exactly halfway between Portland and Sacramento. The region's main airport, Rogue Valley International-Medford Airport (MFR) serves as both a high-traffic regional airport with dozens of direct-access and layover routes as well as a bustling private aviation hub. Well over 1m annual travelers come through MFR, with that number growing alongside the addition of several new commuter and travel routes to Portland and Salem, Arizona, California, and many others.

Medford enjoys short, \pm 1 hour flight times to San Francisco (6 hr drive), Portland (4 hr drive), and Seattle (7 hr drive). The local airport recently announced plans in early 2025 to double its size and capacity over the next few years, in order to accommodate the rapid growth of the region.

From a private aviation perspective, MFR is home to 2 Fixed-Base Operators (FBOs) - Million Air and Jet Center MFR. Both are highly-active, highly-rated FBOs serving countless private aircraft owners and military personnel. Million Air prides itself on being the only FBO on the West Coast that can hangar a Boeing business jet.

The airport's low relative parking fees, combined with it's strategic, central location, has proven the region as one of the most prominent private aviation destinations in Oregon for corporations and private individuals alike.

The region's drier, sunnier climate allows for easier air travel for most of the year, compared to the rest of the State. MFR also serves as the region's air-based fire-fighting hub during the summer months.

Overall, the region is a burgeoning aviation destination, with the perfect blend of economical, weather, and geographical tailwinds spurring growth.
