White City, OR | History and Profile

White City, Oregon - White City is an unincorporated community located in Southern Oregon, known for its unique blend of natural beauty, intriguing history, and successful industrial sector. Located at the junction of OR Route 62 and OR Route 140, White City is just north of Medford, the fourth largest metropolitan area in Oregon.

Originally established as Camp White, a military training facility during the interwar years of WWII, the site laid the groundwork for what became White City. After the war, its infrastructure supported the growth of the Southern Oregon timber industry and fueled post-war expansion. In 1960, the area was renamed White City to reflect the surrounding unincorporated community.

Economically, White City is known for its diverse base, with manufacturing, healthcare, social assistance and retail being significant contributors. The city is home to the US Department of Veterans Assistance Hospital which serves the majority of Southern Oregon. The industrial sector has performed increasingly well, anchored by Biomed Diagnostics, Metal Masters, and Boise Cascade which are all significant employers of White City.

The area has a strong sense of community as well as a diverse economy. Within an 18 minute drive, the Rogue Valley International-Medford Airport is the regional air travel hub for all of Southern Oregon, with well over 1M annual travelers. Breathtaking outdoor recreational activities are moments away; Upper and Lower Table Rock, Touvelle State Recreation Area, the Rogue River, dozens of lakes, as well as the Crater Lake National Park are all within an easy drive.

Overall, White City blends its historical roots with a forward-looking perspective, making it a desirable destination for businesses and residents alike.

Why Southern Oregon?

Southern Oregon, largely encompassing Jackson and Josephine Counties, is a world-class gem hiding in plain sight. Anchored by its mild Mediterranean climate, the area boasts the winning combination of being both strategically located between Portland and San Francisco, and having forward-thinking municipal leadership. This combination drives strong economic growth and has created a long runway for development across all asset classes.

Southern Oregon is a gateway to the entirety of the West Coast, via Interstate 5, North through Eugene, Salem, Portland, and Washington State, and South, through Redding, San Francisco, and down to Los Angeles. The local transportation system connects the most populated cities in the region of Medford, Ashland, and Grants Pass, and has dedicated highways Northeast to Bend and West to the Oregon Coast.

Multiple billion-dollar companies call Southern Oregon home, such as Lithia Motors (NYSE: LAD), Asante Health Systems, Harry & David (NYSE: FLWS), Pacific Retirement Services, and countless small and mid-sized businesses.

Historically, the area's economy was mainly driven by the timber and agricultural industries. In the past few decades, the area has become a healthcare hub, and has a diverse economy supported by the industrial, manufacturing, logistics, retail, senior/retirement living, and finance/professional sectors. Timber and agriculture still play a role, with Timber Products and Roseburg Forest Products' main facilities located nearby.

A burgeoning golf destination, the area has numerous renowned golf courses, and several other famous courses are within a short drive (Bandon Dunes, Pacific Dunes, Pronghorn Resort). Over 8 casinos are within a 6-hour drive, including Seven Feathers, Three Rivers, Elk Valley, and others.
