

SOCIETY OF ST. VINCENT DE PAUL

MONTHLY IMPACT REPORT

OCTOBER 2025

St. Vincent de Paul
NORTH TEXAS

The Impact of Your Investment

The work we do together in caring for the marginalized in our community and extending our hands in support was featured prominently in local media and we wanted to share with you in case you missed it!

Our foundational home visits were featured on CBS11 in response to the government shutdown and the impact on those relying on food stamps. The collaborative work of our pharmacy in working with students from both Cristo Rey Dallas and Texas Tech University was featured on NBC5. And the Spanish language network Telemundo reported on our charitable pharmacy!

Two of our stories can be found on our website through [this link to Media Appearances](#) or by using the QR codes below.

Holy Family of Nazareth – Walk for the Poor

It didn't look good for Holy Family of Nazareth's SVdP Friends of the Poor Walk on Saturday, Oct. 25. The skies were dark and foreboding. The weather forecast was bleak at best. But the clouds parted, the skies cleared and more than 150 adults and children gathered for a festive time together and a stroll around the pond at Northwest Park in Irving. This special day got a special blessing from a bishop, Bishop Habila Daboh of Zaria, Nigeria, who was visiting HFN's pastor, Fr. Jacob Dankasa. Bishop Daboh spoke highly of the work of the Society in his home country and expressed his sincere support for our efforts. The children who walked with us had a lot of fun with the helium balloons and crafts, including a complementary St. Vincent de Paul coloring book. Almost \$28,000 was raised for our friends-in-need in Irving.

Staff Spotlight: Dr. Lisa Hill – Director of Community Services

After a fulfilling 21-year career with Lancaster ISD, dedicated to uplifting families in need, I embraced the opportunity to become the Director of Community Services at the St. Vincent Outreach Center. In this capacity, I draw upon my extensive networks to address prevailing issues affecting our communities within the southern sector and surrounding school districts. My mission is rooted in faith and compassion, ensuring that residents gain access to vital resources that empower them toward a hopeful future. By fostering strategic partnerships and encouraging active community involvement, I aim to inspire lasting change and enhance the quality of life for all who seek support.
