3K - Class 002**

A peek at what we are learning!

The 3K class is learning a great deal daily. In the classroom we have set up various areas of learning. We have a library area, music area, dramatic play area, science area and an arts and crafts area and a Painting area including a sand and water table. Within these areas the children are improving their verbal skills as they socialize while having fun.

We are currently using a curriculum entitled “The Creative Curriculum for Preschool Guided Edition.” We are currently in the Unit entitled “First Six Weeks Guide.” There are seven units of study. The following unit is Water Study. We will begin this Unit in October. The Units to follow are entitled Tree Study, Clothes Study, Reduce Recycle Study, Building Study, Wheels Study, Exercise Study and Getting Ready for Pre Kindergarten Study. Each Unit lasts less than a month. After each Unit your child will create a hands on project to show what they have learned. This Curriculum is designed to be a great deal of fun and learning for your child.

Student of the Month
Ashley Mueses

Daily Routines

The Children are learning to use their words as they build friendships. Communication and social skills are very important at this early stage. They are learning how to express how they are feeling and to follow classroom rules. They must come to school daily to build on their skills. Daily they will work in the seven Classroom Areas, play outdoors, have breakfast, lunch and snack as well as nap in class. They will have structured meeting time on the rug daily with their teacher.

OUR WONDERFUL CLASSROOM

Our 3K students are very excited about being in school for the first time. They are beginning to get use to their teachers and classroom routines. They are thoroughly enjoying the various learning centers in their classroom.
