

The great news below includes fun virtual books to help your child in each 'current' Science Unit

3K and Pre.Kcontinues to learn about farm, zoo animals, house pets and how to care for them, with such books as, Ms Wishy Washy's Farm, which also available on line.

Kindergarten...continues to learn, that as Scientists themselves, they use their 5 senses to investigate that Science Is All Around Us, (which is also a book available online.)

First Grade...continues to investigate animal defenses and what animals need to protect themselves, such as Sea Turtles in the ocean.(Virtual book: Plants and Animals Need Each Other: With Diggy Dog.)

Second Grade...continues to investigate and compare the needs of animals in 'different' habitats

Virtual Book: My Nature Notebook

Third Grade...continues to investigate Balancing and Forces and that forces are around us such as, chain reactions. (Virtual Read Aloud: Forces All Around.)

This November, it is a pleasure to salute Class 2-143 for their continued attentiveness, enthusiasm and fascination with Science Experiments and Investigations.
