STUDENT OF THE MONTH

Yarely Guzman-Sone

Congratulations, Yarely!

We're excited to celebrate Yarely as Student of the Month! Her exemplary attendance and vibrant enthusiasm for her work truly stand out. She's always eager to help her friends, too. Yarely brings joy to her play and engages wholeheartedly in every subject, highlighting her impressive range of talents.

WHAT ARE WE LEARNING?

Classroom Curriculum

READING/WRITING: We are continuing to focus on developing our reading fluency! We have been working on our personal narratives and understanding characters and settings in our stories. Soon, we will begin identifying the plot and main ideas within the stories.

We will identify characters and settings in our favorite stories while continuing to practice our letter sounds and expressing our thoughts through writing. Additionally, we will start incorporating our families into our writing.

PHONICS: We will continue to develop our understanding of short and long vowel sounds while also being introduced to blended sounds.

MATH: Identifying the number 0 and counting up to 5.

SCIENCE: Continuing to explore the needs and importance of plants and animals.

SOCIAL STUDIES: Learning about the importance of our families!
