

# December

## Pre-K News

### What We've Been Up To

We have wrapped up the Water Unit! The children had fun learning about the different states of matter, making predictions, watching the ducks hatch and swim, and making bubbles. We have been working on phonemic awareness (rhyming words, isolating beginning and ending sounds, and blending and segmenting words). We just started on the Trees Unit.

**Vocabulary:** Absorb, Faucet/Fountain, Float, Gas, Liquid, Sink, Solid

### What's To Come

#### Clothes Unit

- ~Different Types
- ~Why We Wear Them
- ~Where We Get Them
- ~How We Take Care of Them

#### Concepts

- ~Big & Small
- ~Patterns
- ~Letter & Number Recognition

### Student of the Month

#### Luka Jennings-Boyce

Luka follows rules and routines and is respectful of all. During classroom instruction, he pays attention and always participates by sharing what he knows.

### Reminders

We are a community school, and family engagement is important to us. Please join us once a month for some hands-on activities relating to our current unit of study.

Dates will be shared each month.

Repetition supports brain development and provides practice for our scholars to master skills. So, you will see concepts repeated throughout the year. Please also work with them at home.

### Important Dates

12/11 – Brighter Bites Distribution / 12/19 – Fun Friday / 12/23 – Brighter Bites Distribution / 12/24-01/02 Winter Recess (School Closed)
