HELLO NOVEMBER

As we dive into November, we're embracing the season of learning, gratitude, and growth. We will be learning about family traditions and special ways we celebrate! Here's a look at what's happening this month!

STUDENT OF THE MONTH

ADRIANNA BERRORA

Introducing Adrianna! She is kind and respectful. She is always ready to comfort a friend that is sad or upset. She is so warm and loving to her peers and her teachers!

UNIT: ALL ABOUT ME

This month, students are learning all about themselves and what makes THEM special. We will be learning about what we bring to our classroom environment and how our school and family communities help us to grow. We will explore our focus questions each week to deepen our understanding of our favorite things and our unique self. At the beginning of each week we will post the focus questions, conversation starters and videos of read alouds to continue learning at home!
