4.6 REGISTRATION CONFIRMATION

The Lenex file, the summary list of entries received and the live results can be viewed officially via Swimrankings.

.

4.7 CORRECTIONS

Corrections to entries may be sent via swimming@swiss-aquatics.ch until the late entry deadline.

Any changes made after the entry deadline must be sent to the Swiss Aquatics delegate and the organiser (events@lausanneaquatique.ch).

4. REGISTRATION PROCEDURE

STARTING POSITIONS ALLOCATION

For the allocation of starting lanes, the best times in the Swiss Aquatics 50 m top lists are used as entry times. These are automatically included in the list of entries received once the entries have been processed. Clubs do not need to submit entry times.

REGISTRATION TIMING

Only entry times recorded between **15 November 2024 and 2 November 2026** will be taken into account.

If a participating club disagrees with a competitor's entry time for the 400m medley, the 400m, the 800m, the 1500m freestyle and/or a relay, it may request clarification from the Swiss Aquatics delegate by the specified date.

RELAY REGISTRATION

For relays, results will be taken into account **up to 2 November 2026**; results already achieved during the current event may also be taken into account.

For relays, the club registering must provide the names of the four swimmers who are likely to be entered. For each registered swimmer, the best time from the best-times lists is automatically used, and the relay's entry time is calculated by adding together the individual entry times. If a 'race time' is taken from the results lists for the lead swimmer of a relay, a 0.5-second penalty is automatically applied to that time. If, for the second, third or fourth swimmer in a relay, a time achieved in an individual event or as the first swimmer in a relay is taken from the results lists, a 0.5-second bonus is automatically applied to that time.

The relay team listed on the start list must be submitted to the referee, together with the swimmers who will definitely be taking part and their starting order, by the specified time. Please use the Splash relay entry form. Subsequent changes will only be authorised by the referee in exceptional cases and must be justified in writing.

4. REGISTRATION PROCEDURE

LATE REGISTRATION ADJUSTMENTS

Clubs are required to adjust the entry time for time-classified events if, due to the swimmers' current form and/or the composition of the relay team, the expected time at the competition is slower than the entry time. Missing times, times better than those on the best-time lists and special cases must be reported by the participating club to Swiss Aquatics before the late entry deadline and must be accompanied by results lists. Swiss Aquatics will then ensure that the times in question are included in the best-time lists.

SPECIAL CASES

Enquiries regarding the events (e.g. registration times, timetables, etc.) must be addressed to the delegate by 7.00 pm on the day before the relevant race.

Requests relating to the organisation (e.g. meals, facilities, spectators, etc.) must be addressed directly to the host club.

To ensure the competition runs smoothly, Swiss Aquatics Swimming reserves the right to refuse entries after the registration deadline in order to ensure the timetable is adhered to.

REGISTRATION FEES & PENALTIES

Registration fees

Individual CHF 20.- ; relay CHF 30.-.

Late registration fees

Individual CHF 60.- ; relay CHF 90.-.

Penalties

The single penalty is CHF 20.

The scale for single, double and triple penalties is as follows:

50 m : 0.50"

100 m : 1.50"

200 m : 2.50".

400 m : 4.50"

800 m : 7.50"

1500 m : 12.50"

4. REGISTRATION PROCEDURE

ANNOUNCEMENTS

Withdrawals from individual events must be submitted no later than the date specified on the official form.

After this deadline, the start lists

1. For the 400 m medley, 400 m, 800 m and 1500 m freestyle, the main heats and the slower heats are drawn up;
2. The final start lists are drawn up with the allocation of lanes.

Qualifying times must be substantiated at the request of the Swiss Aquatics delegate.

Withdrawals from finals are authorised by the chief referee if submitted in writing no later than 30 minutes after the end of the last preliminary heat of the relevant event. In the event of a withdrawal after this deadline, Article 3.5(3) of the swimming competition regulations applies.

Individual competitors and relay teams who fail to turn up at the start are liable to a single penalty for heats, and a triple penalty for finals and time-based events. In exceptional circumstances, a written request for exemption may be submitted in advance to the chief referee.

Individual competitors in the 400 m medley, 400 m, 800 m and 1500 m freestyle, as well as relay teams, who are qualified for the main heats but fail to compete in them in accordance with the rules, forfeit the right to take part in any further heats at this championship. In exceptional circumstances, a written request for an exemption may be submitted in advance to the referee.
