

# Navigating Cybersuite X Modules

## Amenities Module

The **Amenities** module in **Cybersuite X** allows you to explore and book available amenities in your building. Follow these steps to check availability, view details, and make reservations if applicable.

### Steps to Access and Use Amenities

1. **Open** the **Cybersuite X** App and navigate to the home screen.
2. **Tap** on the **"Amenities"** module from the available options.
3. You will see a **list of available amenities** in your building.
  - *If you don't see a specific amenity, it may not be ready for use yet, or property management hasn't uploaded it to the system.*
4. **Tap** on the **amenity** you want to view.
5. On the **Amenity** Page, you will see:
  - An **image** of the amenity.
  - **Hours** of operation.
  - A **description** of the amenity and **any rules**.
  - A **Download Form** button for any relevant documentation.
  - If **bookable**, a **"Book Now"** button will appear.
6. If the amenity requires a booking, **tap "Book Now"** to see available dates and time slots.
7. Select your preferred **date** and **time** from the available options.
8. **Confirm** your booking by pressing **"Book Now"** to secure your reservation.

### Note:

- *Some amenities may require approval from property management before confirmation. You can check your bookings in the Bookings section of the app.*
