IN THIS LIST

Controllers 17 parts — **p. 2**

Salt Chlorination & Power 12 parts · 12 new — **p. 5**

Service Parts 7 parts — **p. 6**

Chemistry 17 parts · 6 new — **p. 4**

Accessories 8 parts · 2 new — **p. 6**

NEW marks products added for 2027

CONTROLLERS 17 parts

THE ATTENDANT

PART NUMBER	MODEL	ITEM DESCRIPTION
ATT-2	Attendant-2	The Attendant Powered by Poolside Tech – Including 2 High Voltage Relays
ATT-2-CHEM	Attendant-2 + Chemistry Module	The Attendant Powered by Poolside Tech – Including 2 High Voltage Relays + Chemistry Module and Cable Kit
ATT-2-DUALCHEM	Attendant-2 + Dual Chemistry Module	The Attendant Powered by Poolside Tech – Including 2 High Voltage Relays + Dual Chemistry Module and Cable Kit
ATT-4	Attendant-4	The Attendant Powered by Poolside Tech – Including 4 High Voltage Relays
ATT-4-CHEM	Attendant-4 + Chemistry Module	The Attendant Powered by Poolside Tech – Including 4 High Voltage Relays + Chemistry Module and Cable Kit
ATT-4-DUALCHEM	Attendant-4 + Dual Chemistry Module	The Attendant Powered by Poolside Tech – Including 4 High Voltage Relays + Dual Chemistry Module and Cable Kit
ATT-6	Attendant-6	The Attendant Powered by Poolside Tech – Including 6 High Voltage Relays
ATT-6-CHEM	Attendant-6 + Chemistry Module	The Attendant Powered by Poolside Tech – Including 6 High Voltage Relays + Chemistry Module and Cable Kit
ATT-6-DUALCHEM	Attendant-6 + Dual Chemistry Module	The Attendant Powered by Poolside Tech – Including 6 High Voltage Relays + Dual Chemistry Module and Cable Kit
ATT-8	Attendant-8	The Attendant Powered by Poolside Tech – Including 8 High Voltage Relays
ATT-8-CHEM	Attendant-8 + Chemistry Module	The Attendant Powered by Poolside Tech – Including 8 High Voltage Relays + Chemistry Module and Cable Kit
ATT-8-DUALCHEM	Attendant-8 + Dual Chemistry Module	The Attendant Powered by Poolside Tech – Including 8 High Voltage Relays + Dual Chemistry Module and Cable Kit

CONTROLLERS continued

THE ATTENDANT MINI

PART NUMBER	MODEL	ITEM DESCRIPTION
ATT-MINI	Attendant Mini	Attendant Mini – Including Temperature Sensors (2 thermistors & 2 clamps)
ATT-MINI-CHEM	Attendant Mini + Chemistry Module	Attendant Mini + Chemistry Module & Cable Kit – Including Temperature Sensors (2 thermistors & 2 clamps), chemistry board and two 25 ft BNC cables, necessary for leveraging our Chemistry Management Features, along with one set of Calibration Fluids.
ATT-MINI-CHEM-PROBES	Attendant Mini + Chemistry Module & Probe Kit	Attendant Mini + Chemistry Module, Cable Kit & Probe Kit – Including Temperature Sensors (2 thermistors & 2 clamps), chemistry board and two 25 ft BNC cables, necessary for leveraging our Chemistry Management Features, a pH probe and an ORP probe for tracking and recording pH balance and sanitizer levels, along with one set of Calibration Fluids.
ATT-MINI-CHEM-PROBES-FLOW	Attendant Mini + Chemistry Module, Probe Kit & Flow Cell	Attendant Mini + Chemistry Module, Cable Kit, Probe Kit & Flow Cell – Including Temperature Sensors (2 thermistors & 2 clamps), chemistry board and two 25 ft BNC cables, necessary for leveraging our Chemistry Management Features, a pH probe and an ORP probe for tracking and recording pH balance and sanitizer levels, along with a Chemistry Sensing Flow Cell and one set of Calibration Fluids.
ATT-MINI-EXP	Attendant Mini Expansion Module	Expansion Module, which provides additional expansion support for The Attendant Mini. Grants 2 additional serial bus ports, 2 additional high power relay devices, 3 additional valve actuators, 2 additional temperature sensors, 2 additional flow switches, and 2 additional low voltage relays per unit.

CHEMISTRY 17 parts · 6 new

PART NUMBER	MODEL	ITEM DESCRIPTION
CHEMISTRY MODULES		
ATT-CHEM	Chemistry Module	"+ Chemistry" Module and Cable Kit, necessary for leveraging our Chemistry Management Features. One set of Calibration Fluids included.
ATT-DUALCHEM	Dual Chemistry Module	"+ Dual Chemistry" Module and Cable Kit – Including Add-on Chemistry Boards and four 25 ft BNC Cables, necessary for leveraging our Dual Body of Water Chemistry Management Features. One set of Calibration Fluids included.
ATT-DUALCHEM-EXP	Dual Chemistry Expansion Board	"+ Dual Chemistry" Expansion Board – Including 1 EXP Card and two 25 ft BNC Cables, necessary for leveraging our Dual Body of Water Chemistry Management Features. Not necessary for new installations.
PH & ORP PROBES		
ATT-CPK	Chemistry Probe Kit	"+ Chemistry" Probe Kit – Including a pH probe and an ORP probe for tracking and recording pH balance and sanitizer levels via our Add-on Chemistry Management Module. One set of Calibration Fluids included.
ATT-CPK-FLOW NEW	Chemistry Probe Kit + Poolside Flow Cell	"+ Chemistry" Probe Kit – Including a pH probe and an ORP probe for tracking and recording pH balance and sanitizer levels via our Add-on Chemistry Management Module. One set of Calibration Fluids included. PLUS Poolside Chemistry Sensing Cell — 2" In-Line Chemistry Sensor cell. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware.
ATT-PH-PROBE NEW	pH Single Probe	Single pH Probe
ATT-ORP-PROBE NEW	ORP Single Probe	Single ORP Probe
ATT-CFK	Calibration Fluid Kit	Including 1 set of pH and ORP probe calibration fluids
ATT-WINTKIT NEW	Poolside pH and ORP Probe Winterization Kit	The Poolside pH and ORP Probe Winterization Kit includes protective caps, threaded plugs, and storage solution for both pH and ORP probes
FLOW CELL & CAPS		
ATT-FLOW-CELL	Chemistry Sensing Flow Cell	Poolside Chemistry Sensing Flow Cell — 2" In-Line Chemistry Sensor cell. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware.
ATT-FLOW-DOSING-CAP NEW	Chemistry Sensing Flow Cell Dosing Cap	A Poolside flow cell cap with an additional 1/2" NPT dosing port. Includes check valve equipped fittings for attaching tubing from your chemical pumps. Use this cap for dosing setups where you want to dose liquid chlorine and acid into the same flow cell.
ATT-FLOW-WINTER-CAP NEW	Chemistry Sensing Flow Cell Winter Cap	A flow cell cap to be used whenever you want to remove the salt cell cartridge. Excellent option for winterizing your plumbing.
CHLORINE & SPECIALTY SENSORS		
ATT-FREECHLOR-PROBE	Free Chlorine Probe	Amperometric Free Chlorine Electrode with RS485-Modbus connectivity and built-in temperature sensor. 0 to 100 PPM chlorine concentration range. Includes a bottle of refill gel.
ATT-TOTALCHLOR-PROBE	Total Chlorine Probe	Amperometric Total Chlorine Electrode with RS485-Modbus connectivity and built-in temperature sensor. 0 to 100 PPM chlorine concentration range. Includes a bottle of refill gel.
ATT-CHLOR-FLOW-CELL	Poolside Chlorine Probe Flow Cell	Poolside Chlorine Probe Flow Cell
ATT-CHLOR-FLOW-REG	Poolside Chlorine Probe Flow Regulator	Poolside Chlorine Probe Flow Regulator
ATT-DO-PROBE	Poolside Dissolved Oxygen Probe	Poolside Dissolved Oxygen Probe

SALT CHLORINATION & POWER 12 parts · 12 new

COMPLETE SYSTEMS

PART NUMBER	MODEL	ITEM DESCRIPTION
ATT-SLT-10-PWR-240 NEW	Ionic Salt Chlorine Generator Standard System 25,000 gallon	Ionic Salt Chlorine Generator Standard System Including The Commander Modular Power Supply, supporting up to 240W LED load and Flow Cell. Suitable for 25,000 gallon pool. 0.75 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware.
ATT-SLT-20-PWR-240 NEW	Ionic Salt Chlorine Generator Plus System 35,000 gallon	Ionic Salt Chlorine Generator Plus System Including The Commander Modular Power Supply, supporting up to 240W LED load and Flow Cell. Suitable for 35,000 gallon pool. 0.85 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware.
ATT-SLT-30-PWR-240 NEW	Ionic Salt Chlorine Generator Max System 55,000 gallon	Ionic Salt Chlorine Generator Max System Including The Commander Modular Power Supply, supporting up to 240W LED load and Flow Cell. Suitable for 55,000 gallon pool. 1.5 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware.

CARTRIDGES WITH FLOW CELL

ATT-SLT-10 NEW	Ionic Salt Chlorine Generator Standard 25,000 gallon Cartridge w/Flow Cell	Ionic Salt Chlorine Generator Standard Cartridge with Flow Cell for 25,000 gallon pool. 0.75 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware. Requires The Commander Power Supply.
ATT-SLT-20 NEW	Ionic Salt Chlorine Generator Plus 35,000 gallon Cartridge w/Flow Cell	Ionic Salt Chlorine Generator Plus Cartridge with Flow Cell for 35,000 gallon pool. 0.85 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware. Requires The Commander Power Supply.
ATT-SLT-30 NEW	Ionic Salt Chlorine Generator Max 55,000 gallon Cartridge w/Flow Cell	Ionic Salt Chlorine Generator Max Cartridge with Flow Cell for 55,000 gallon pool. 1.5 lb/day. Dual 1/2" NPT probe ports compatible with Poolside Tech pH and ORP probes. Includes acid feed port and hardware. Requires The Commander Power Supply.

REPLACEMENT CARTRIDGES

ATT-SSC-10 NEW	Ionic Salt Chlorine Generator Standard 25,000 gallon Cartridge	Ionic Salt Chlorine Generator Standard Cartridge for 25,000 gallon pool. 0.75 lb/day.
ATT-SSC-20 NEW	Ionic Salt Chlorine Generator Plus 35,000 gallon Cartridge	Ionic Salt Chlorine Generator Plus Cartridge for 35,000 gallon pool. 0.85 lb/day.
ATT-SSC-30 NEW	Ionic Salt Chlorine Generator Max 55,000 gallon Cartridge	Ionic Salt Chlorine Generator Max Cartridge for 55,000 gallon pool. 1.5 lb/day.

THE COMMANDER POWER SUPPLIES

ATT-PWR-240 NEW	The Commander Chlorinator & Lighting Power Supply 240W	Poolside Tech Modular Power Supply for Ionic Salt Chlorine Generators and LED lighting from supported manufacturers. Up to 240W LED load supported.
ATT-PWR-480 NEW	The Commander Chlorinator & Lighting Power Supply 480W	Poolside Tech Modular Power Supply for Ionic Salt Chlorine Generators and LED lighting from supported manufacturers. Up to 480W LED load supported.
ATT-PWR-600 NEW	The Commander Chlorinator & Lighting Power Supply 600W	Poolside Tech Modular Power Supply for Ionic Salt Chlorine Generators and LED lighting from supported manufacturers. Up to 600W LED load supported.

PART NUMBER	MODEL	ITEM DESCRIPTION
ACCESSORIES 8 parts · 2 new		
RELAYS & WIRING		
ATT-HVRK	High Voltage Relay Kit	High Voltage Relay Kit – Including 10 High Voltage Relays allowing for expansion on larger system installations
ATT-HVR2P	High Voltage Relay 2 Pack	High Voltage Relay 2 Pack – Including 2 High Voltage Relays allowing for expansion on larger system installations
ATT-LACK	Legacy Automation Conversion Kit	Legacy Automation Conversion Kit – Including eight 15 ft cables that can be cut to length, allowing for relay connections to be made to an existing legacy automation system. Not necessary for new builds.
SENSORS & METERS		
ATT-TSK	Temperature Sensor Kit	The Attendant Temperature Sensor Kit – Including 2 Thermistors & 2 Clamps
ATT-FLOW-SENSOR	Digital Flow Sensor compatible with H2flow FlowVis® Flow Meters	Digital Flow Sensor add-on compatible with H2flow FlowVis® flow meters (1.5″ through 8″ models). 13 ft cable included.
ATT-FLOW-2	FlowVis® 2″ Flow Meter with Digital Flow Sensor	FlowVis® 2″ Flow Meter with Digital Flow Sensor and 13 ft cable.
ATT-CPPSM NEW	Pressure Sensor 485	Digital Pressure Sensor with 1/4″ NPT thread. Connects to Attendant bus ports. 0–100 PSI range. Cable length 10 ft.
ATT-CPPSA NEW	Pressure Sensor 420	Digital Pressure Sensor with 1/4″ NPT thread. Connects to Chemistry Board (4–20 mA). 0–100 PSI range. Cable length 10 ft.
SERVICE PARTS 7 parts		
ELECTRONICS & CABLES		
ATT-CHEM-CABLE	Chemistry Cable Replacement	The Attendant Chemistry Cable Replacement – Including one 25 ft BNC pH/ORP probe replacement cable.
ATT-TRANSFORMER-V1	Attendant Transformer	The Attendant Transformer Replacement
ATT-HUB-BOARD-V1	Attendant Connections Module	The Attendant Connections Module Replacement
ATT-MOTHERBOARD	Attendant Motherboard	The Attendant computer Motherboard. Compatible with The Attendant and The Attendant Mini
FLOW CELL PARTS		
ATT-FLOW-CELL-TAIL	Chemistry Sensing Flow Cell Replacement 2″ Union Fitting Tailpiece	Chemistry Sensing Flow Cell Replacement 2″ Union Fitting Tailpiece
ATT-FLOW-CELL-NUT	Chemistry Sensing Flow Cell Replacement 2″ Union Nut	Chemistry Sensing Flow Cell Replacement 2″ Union Nut
ATT-FLOW-CELL-ORINGS	Chemistry Sensing Flow Cell Replacement O-Ring 2 Pack	Chemistry Sensing Flow Cell Replacement O-Ring 2 Pack
