POOLSIDE TECH · POOLSIDE TECH ·

SMARTER POOLS, SIMPLER *management*

Give your customers the best
in modern pool care

THE *future* OF POOL CARE IS IN YOUR HANDS

Pool automation is changing, and so are customer expectations. Homeowners want simpler solutions, smarter technology, and less hassle—and as a pool professional, you're the one they trust to make it happen.

At Poolside Tech, we're redefining what automation can do. Our open, vendor-agnostic systems allow you to offer the best technology without limitations, making installs easier and customers happier.

THIS EBOOK WILL SHOW YOU HOW THE ATTENDANT AND THE ATTENDANT MINI CAN HELP YOU:

- **Simplify pool management** with intuitive automation
- **Reduce service calls** with real-time remote monitoring available 24/7
- **Increase customer satisfaction** by offering a seamless pool experience
- **Sell more pools** by offering a premium automation package that homeowners love
- **Lower costs and increase efficiency** with flexible equipment options

LET'S DIVE IN

BUILT FOR PROS. POWERED BY *patented* TECHNOLOGY

Founded by pool owners who wanted a better way, **Poolside Tech is redefining automation with patented technology that gives you more control, fewer service calls, and a seamless experience.** Designed for professionals like you, our system ensures every pool runs **more efficiently, stays balanced, and adapts in real time**—so you can focus on growing your business.

WHAT SETS US APART?

- **More control, fewer headaches** – Real-time insights mean less troubleshooting and faster solutions
- **Smart energy optimization** – Adjusts heating, filtration, and pump speeds to reduce costs automatically
- **Proactive issue detection** – Prevents problems before they happen, saving time and service calls
- **Works with all major brands** – Compatible with any heater, pump, or lighting system—no brand restrictions
- **Intelligent water chemistry** – Monitors and balances chemicals automatically for crystal-clear water
- **Fits any pool setup** – The Attendant adapts seamlessly, whether it's a new build, retrofit, or custom configuration
- **Future-proof automation** – Updates automatically as new equipment and features hit the market

With **Poolside Tech's patented innovation,** you get a powerful tool to stand out in the industry, while homeowners enjoy a smarter, worry-free pool experience.

WHY DEALERS ARE MAKING THE *switch*

Poolside Tech gives you the flexibility, control, and reliability to deliver a seamless experience.

- **Sell with confidence** – A premium product that's easy to explain and easy to use
- **Fewer service calls** – Remote diagnostics help you fix problems before they become problems
- **Seamless installs** – Works with all major brands and adapts to any pool setup—no limitations
- **Expert support, when you need it** – Quick-response service and real solutions from industry pros
- **Comprehensive training** – Hands-on support to help you and your team sell, install, and service with confidence
- **Happier customers, repeat business** – A stress-free pool experience keeps customers coming back and also referring you to their pool owner friends.

THE ATTENDANT

MEET THE ATTENDANT

ADVANCED AUTOMATION FOR TOTAL POOL CONTROL

The Attendant is a **fully automated pool management system** designed to optimize efficiency, reduce costs, and simplify maintenance.

WHAT MAKES IT DIFFERENT?

- **Smart water chemistry management** – Automatically monitors and adjusts chemical levels
- **Energy-saving automation** – Optimizes pump speeds, temperature, and filtration for lower costs
- **Remote diagnostics** – Troubleshoot issues before they turn into service calls
- **Universal compatibility** – Works with all major pool equipment brands
- **Built-in smart features** – Includes Airbnb & Guest Mode, water leveling & autofill, and filter monitoring

With The Attendant, you get a **system that helps pools run better, last longer, and require less hands-on maintenance.**

THE ATTENDANT MINI

MEET THE ATTENDANT MINI

SAME SMART TECHNOLOGY, NOW MORE ACCESSIBLE

The Attendant Mini is the perfect fit for customers looking for an **affordable entry point into automation.** It delivers the same industry-leading capabilities as The Attendant— in a more affordable fit for most pools.

WHAT MAKES IT DIFFERENT?

- **Small & powerful –** All the essential automation features in a smaller footprint
- **Easy to install, simple to use** – Designed for faster setup and effortless operation
- **Smart controls, real-time insights** – Water chemistry, energy efficiency, and remote access
- **The right fit for more customers** – Brings advanced automation to simpler pools
- **Seamless user experience** – Runs on the same app as The Attendant for easy control
- **Unified customer management** – Access and service all clients from one app, whether they have The Attendant or The Mini

Now, more pools can benefit from modern automation— **without the high cost or complexity.**

GIVE YOUR CUSTOMERS AN *easier way* TO OWN A POOL

Pool owners love having a pool—but not the work that comes with it. Maintenance can feel overwhelming between balancing chemicals, adjusting temperatures, and troubleshooting equipment.

With **Poolside Tech, pools practically take care of themselves—while the app keeps homeowners informed every step of the way.** Instead of guesswork, they get **clear, intuitive guidance** on what's happening with their pool, what actions to take, and when they might need professional help.

The system doesn't just optimize energy use—it calculates real savings, showing homeowners exactly how much they're cutting down on costs. With better visibility, they gain confidence in managing their pool, and you gain happier, more self-sufficient customers who need fewer last-minute service calls.

A smarter pool means **less stress, lower costs, and a better experience for everyone.**

SPEND LESS TIME TROUBLESHOOTING, MORE TIME *growing*

Every time you dispatch a truck for a fix that could've been prevented, you're adding unnecessary windshield time—when you could be focusing on more valuable work. With **Poolside Tech**, you can stay ahead of issues before they turn into service calls, troubleshoot remotely, and keep customers happy without the back-and-forth.

Designed to work with **all major brands**, our systems make installs seamless and upgrades effortless. That means **less time on-site, fewer wasted trips, and more loyal customers who trust you to bring them the best.**

FIND THE RIGHT AUTOMATION FOR *every pool*

Poolside Tech offers **two powerful automation systems** plus expansion options that let you customize any setup. Whether your customers need **full-scale control or a streamlined solution, there's a system for them.**

ENHANCE YOUR SETUP WITH THE RIGHT *accessories*

The Attendant and The Attendant Mini work seamlessly with various accessories designed to optimize performance, improve water quality, and expand your system's capabilities. Whether it's precise chemical monitoring or enhanced automation, these add-ons ensure your pool setup is complete.

FEATURED ACCESSORIES:

Chemistry Probe Kit (ATT-CPK)
Monitors pH and ORP levels for precise water balance

High Voltage Relay Kit (10-Pack) (ATT-HVRK)
Expands control over additional high-power devices

Chemistry Module (ATT-CHEM)
Leverage our Chemistry Management Features and automate dosing for perfect chemical levels

Poolside Chemistry Sensing Flow Cell (ATT-FLOW-CELL)
Ensures continuous, accurate water chemistry readings

Legacy Automation Conversion Kit (ATT-LACK)
Upgrade existing automation from other manufacturers with ease

High Voltage Relay Kit (2-Pack) (ATT-HVRK-2)
Additional relays for increased automation

Digital Flow Sensor (ATT-FLOW-SENSOR)
Provides real-time water flow data to The Attendant for optimal efficiency

FlowVis 2" Flow Meter with Digital Sensor (ATT-FLOW-2)
Tracks and displays accurate flow rates digitally via the Poolside app

REAL PROS *REAL results*

NOTHING SPEAKS LOUDER THAN THE EXPERIENCES OF FELLOW POOL PROFESSIONALS.

"For a service-oriented company, The Attendant makes it easy to offer automation to a customer with an existing pool. You don't have to worry about the brand of the heater, pump, lights, etc., since you know it's compatible with all manufacturers. The ease of the phone app also makes it an easy sell for new installs."

Roman T.

"We started putting The Attendant on all of our new inground pools and couldn't be happier with the performance, level of support, and service from Poolside Tech!"

Clay S.

"It's like going from a Blackberry to an iPhone 16 and from a Buick to a Corvette in technology."

Evan S.
