You Are God's Masterpiece – Created for Purpose Ephesians 2:10

From the Principal's Desk...

You may have seen an advertisement for an upcoming presentation sponsored by Magnolia Pediatrics, MBS, Gulf Coast Bank, The Cove and Collegium. I wanted to share a little information about the presentation and its importance to you and your middle school children.

As parents, one of the greatest gifts we can give our children is the willingness to listen, understand, and recognize what they may be experiencing beneath the surface. We strongly encourage all MBS parents and their middle school children to attend "What I Wish My Parents Knew," sponsored by Tell My Story, on September 21 at 6:00 p.m. in St. Ursula Hall.

Tell My Story is a nonprofit organization dedicated to changing the conversation around youth mental health by using powerful storytelling to help young people and their parents openly address mental and emotional well-being. The evening will feature the documentary *What I Wish My Parents Knew*, in which young people courageously share their experiences with anxiety, depression, and struggles they may not always feel comfortable sharing with the adults who love them.

The film will be followed by a guided discussion and question and answer session with a mental health professional, offering parents an opportunity to gain insight, learn practical ways to support their children, and discover how meaningful, judgment-free conversations can make a difference. This is an important opportunity to listen, learn, and better equip ourselves to be the parents our children need. We hope you will make this evening a priority.

Disclaimer: This is not appropriate for younger children, so please do not bring them.
