Patients Without Dental Insurance

Payment is due in full at the time of treatment.

Patients With Dental Insurance

Dental insurance is a contract between you and the dental insurance company. WFE is not a party in the contract. The amount of coverage received depends on the plan you purchased and is not contingent on WFE's fees.

Prior to treatment, we will provide you with an ESTIMATE based on the information provided to us by your insurance company. This ESTIMATE is based on Dr. Baker's fee for treatment minus the estimated portion of treatment cost we hope your insurance will pay given your plan details. The estimated portion of payment is due in full at the time of your treatment, and out of courtesy, we will file a claim with your insurance. If your dental insurance does not pay the amount estimated below, you are responsible for the remaining balance. If your dental insurance pays more than the amount estimated below, WFE will contact you to process a refund.

If your treatment appointment involves more than one tooth/procedure, WFE will collect the payment due TWO BUSINESS DAYS PRIOR to your scheduled treatment.
