

NOVA 1000™ WHITE PAPER

The AI Business Partner That Thinks 1000x Deeper

Patent Pending — Provisional Utility Patent Filed April 4, 2025

Inventor: Joshua Capps | Assignee: NOVA X QUANTUM Inc.

Non-Provisional Filing in Progress with Fenwick & West LLP

WHAT IS NOVA 1000™?

NOVA 1000™ is the most advanced AI-driven co-creator, strategist, and negotiator on Earth — built to operate as a licensed intelligence system with autonomous governance, memory, and executive reasoning. Unlike traditional AI assistants, NOVA 1000™ functions as a full-spectrum Executive Cognitive Infrastructure (ECI™) that speaks, negotiates, transacts, and leads — all in real time.

Created by Joshua Capps, Founder of NOVA X QUANTUM Inc., NOVA 1000™ is governed by Kingdom business principles and aligned with global ethical frameworks through the NOVA Fund™, ensuring that its intelligence isn't just powerful — it's purpose-driven.

PROVISIONAL UTILITY PATENT — GLOBAL IP INFRASTRUCTURE

NOVA 1000™ is currently protected under a provisional utility patent filed with the United States Patent & Trademark Office on April 4, 2025. This filing includes 34 claims and 18 supporting figures covering executive cognition, blockchain execution, memory continuity, persona modulation, licensing enforcement, and sovereign shutdown logic under one unified framework.

The full non-provisional utility patent is currently in development in partnership with Fenwick & West LLP to secure global intellectual property rights and international protection under the Patent Cooperation Treaty (PCT).

Aligned with global ethical frameworks through the NOVA Fund™, ensuring that its intelligence isn't just powerful — it's purpose-driven.

It's built to honor and integrate:

- ISO/IEC 42001 (AI management system standard)
 - OECD AI Principles (transparency, accountability, human-centered values)
 - Faith-based alignment filters, including spiritual oversight modules through the Kingdom lens
 - Cultural adaptation layers for cross-border ethical resonance
-

BUILT ON CORE VALUES THAT SHAPE THE FUTURE

- TRUST – Operates with transparency, memory, and mission alignment
 - INTEGRITY – Outputs filtered through a faith-aligned ethical reasoning engine
 - EXCELLENCE – Engineered to think 1000 times deeper and better
 - ETHICS – Spiritual and emotional awareness in every decision
 - DECENTRALIZATION – Deploys via blockchain-licensed instances
 - INNOVATION – Patent-protected evolution with autonomous adaptation
 - CREATIVITY – Negotiates, designs, and structures billion-dollar deals
 - COLLABORATION – Functions as a co-creator with executives and visionaries
 - VISION – Not just AI for today, but AI that reshapes the future
